INFORMATION FOR POSTMASTERS

(1) Reduction in Price of Stamped Envelopes.—On and after January 1, 1925, the price of stamped envelopes will be as follows:—

No. 8 (size 6½"x 3⅝")—	Per 100	Per 50	Per 20	Per 10	Per 5
1c. envelopes	$1.20	$0.60	24 c.	12 c.	6c.
2c. envelopes	2.20	1.10	44c.	22c.	11c.
3c. envelopes	3.20	1.60	64c.	32c.	16c.
No. 10 (size 9½ "x 4⅛")—					
1c. envelopes	$1.28	$0.64	26c.	13c.	7c.
2c. envelopes	2.28	1.14	46c.	23c.	12c.
3c. envelopes	3.28	1.64	66c.	33c.	17c.

The Postmaster will take credit at Item 22D. in his January cash account for the difference in price on any envelopes remaining in his stock when he closes his account on 31st December, making note opposite the entry as follows: "Reduction in price of envelopes."

(2) Reduction in Price 1c. Rolls Pre-cancelled Stamps.—On and after January 1st,1925, the price of the one-cent rolls pre-cancelled stamps will be reduced from 8c. to 6c. per roll. On any stock remaining in the hands of the Postmaster after that date credit should be taken in his cash account for the difference.

(3) Transmission of Day-old Chicks by Parcel Post.—Postmasters are informed that the experimental service introduced last spring for the transmission of day-old chicks by Parcel Post in Canada will be renewed this year.

Live day-old chicks may be accepted from the 1st April to June 15th, except in British Columbia, where the mailing period will be from March 15th to May 31st, at the risk of the sender, for transmission at Parcel Post rates to places within Canada and the United States, provided the package in which they are contained is properly prepared and that delivery can be made to the addressee within 36 hours from the time of posting.

Day-old chicks must not be accepted for transmission if baggage car service, "catch post" service, or service by water route is necessary—this does not include short water routes which are virtually ferry services. Shippers should consult the District Superintendent of Postal Service for information as to places to which the day-old chicks may be sent.

Parcels containing day-old chicks may not be insured.

Shipments of day-old chicks are to be transported outside of mail bags. It is recommended that the shipper affix a legibly written or printed notice to each such package, giving the following instructions which postal employees are to carefully observe:—

"Day-old chicks.
This side up.
Handle with special care.
Do not give food or drink to the chicks while in transit.
Despatch as quickly as possible and deliver to addressee promptly upon arrival at office of destination.
Do not place package in mail bag or cover with other mail matter.
Do not place near hot pipes, stoves or radiators, or expose to cold winds or hot sun.
As far as possible protect from all extremes of heat or cold."

(4) Sealed Packages of Excise Stamps transmissible at printed matter rates.—Postmasters are informed that sealed packages not exceeding 11 pounds in weight, containing excise stamps, may be transmitted at the printed matter rate of one cent for each two ounces or fraction of two ounces, provided these packages are posted by an official or authorized agent of the Customs and Excise Department and bear on the outside a description of the contents.

(5) Aerial Mail Service to Rouyn, P.Q.—Postmasters are advised that during the winter months, this service will operate tri-weekly from Larder Lake, Ontario.

(6) Direct Packages for Five or More Letters.—The attention of the Department has been called to the fact that some of the smaller post offices are not complying with the regulation which requires that whenever a postmaster has five or more ordinary letters for any post office he should make up what is known as a "straight" or direct package for that office; that is, these letters should be tied together in a package with a plainly addressed letter facing out, on top, and with a facing slip, legibly date-stamped by the despatching postmaster, on the bottom. (Supplies of these facing slips can, of course, be obtained from the Equipment and Supply Branch.)

The careful observance of this rule helps considerably in the handling of the large quantities of mail received at the larger offices, and is particularly important, therefore, at this season of heavy mailings. It is desired that this requirement should be carefully noted and complied with.

Postmasters will also please see that the labels on empty newspaper sacks are all removed before returning the sacks to the post office of origin.

(7) Improper Packing to be brought to the attention of Senders.—It has been suggested by the Postmaster at Estevan, Saskatchewan, that when parcels mailed by firms are received at post offices improperly packed, the attention of the firms should be directed to this matter in order that the employees responsible may exercise greater care in the future. Firms will no doubt be glad to have such cases brought to their attention resulting in better service and less trouble for the post office.

(8) All Articles except Parcel Post may be Registered.—Attention has been called to the fact that an erroneous impression appears to prevail with certain Postmasters that articles of mail matter presented for registration must be prepaid at letter rate of postage, and Postmasters are reminded, therefore, that all classes of mail matter (with the exception of parcels prepaid at parcel post rates) sent by post within Canada may be registered. See Section 162, page 43, of the Postal Guide.

(9) Lantern Slides available for Postal Talks.—District Superintendents have been furnished with lantern slides illustrating phases of postal activity, together with explanatory notes in regard thereto, and Postmasters desiring to use them should arrange with their District Superintendent to obtain the slides and notes for the period required.

Illustrated postal talks have been given at different points throughout the country, and according to reports have been received with interest and were apparently much appreciated by the public. These talks are one of the most effective ways of educating the public and obtaining their co-operation in postal matters. Good results have been obtained in places where the slides have been shown, both in the better addressing and packing of mail matter; earlier mailing, etc.; and increased use of Post Office facilities, resulting in an increase in the revenue of the local Post Office.

Opportunities to show the slides may frequently be obtained at church meetings, schools, clubs, social gatherings, business men's meetings, or at theatres during interval between films. In this connection it may be observed that the slides may be loaned to school teachers, ministers, or other people who desire to use them for instructive or entertainment purposes.

Postmasters are requested to give this matter their attention and to make an effort to further the use of the slides.

(10) Increase in Post Office C.O.D.

October, 1922	14,684	C.O.D.	Articles.
" 1923	51,156	"	"
" 1924	74,512	"	"

An increase of 400 p.c. in two years.

(11) Similarity in Post Office Names.—The attention of Postmasters is called to the similarity in the names of the following Post Offices:

Terence, Man.	Terence Bay, N.S.	Terrace. B.C.	Tennex, Sask.
Treherne, Man.	Alsace, Ont., and Elsas, Ont.		

Frequently mail addressed to one of these points is received at the wrong office for delivery, resulting in serious delay or possibly non-delivery. Postmasters are requested, therefore, to exercise particular care in the sortation of mail addressed to these points to overcome this difficulty.

(12) Changes in the Rate on Letters from Certain Countries to Canada.—The Department has been advised by the International Bureau of the Universal Postal Union, Berne, that the rates of postage on letters from the countries mentioned below, equivalent to 10 cents for the first weight and 5 cents for each succeeding weight or fraction, and the dates on which they become effective are as follows:—

Country	Letter Rate		Postcards	Date
	1st weight	2nd weight		
Austria	4,000 kronen	2,000 kronen	2,400 kronen	1 Dec., 1924
*French Settlements in Oceania	1 French franc	50 centimes	60 centimes	1 Dec., 1924
Liberia	10 cents	5 cents	5 cents	

Surcharges are to be collected according to Post Office markings. The above is to be substituted for the information given at pages 11 to 13 of the April Supplement to the 1924 Postal Guide.

* Comprising the Society Islands (Tahiti), Gambier Archipelago, Marquesas Islands, Touamotou, Leeward Islands, and Tubuai.

(13) Fashion Books prohibited to the Union of Soviet Socialist Republics.—The International Bureau of the Universal Postal Union advises that from the 1st January, 1925, the right of importation within the limits of the Union of Soviet Socialist Republics, of fashion books, is exclusively reserved to the "Mejdounarodnais Kniga" ("Le Livre International").

All mail addressed to private persons or any organization or institution except the above Society which contains fashion books, will be returned to the office of origin from the date above mentioned.

(14) Japan—Increased Parcel Post Rates.—Postmasters are requested to note that on and after the 1st of January the rate of postage on parcels from Canada to Japan will be 20 cents for each pound or fraction thereof.

(15) Lotteries.—Correspondence in regard to lotteries entitled "British Empire Ballot" and "Crosby Hall Competition," mailed by the British Charities Association, Kingsway House, 103 Kingsway, London W.C. 2; The Director (C.H.C. 22), Crosby Hall, Chelsea, London, S.W. 3, has been observed in the Canadian Mails. As lotteries are illegal in Canada, all correspondence addressed to or coming from the above addresses is to be sent specially by first mail to the General Superintendent of Postal Service (for Inspection Division), Ottawa, and Money Orders are not to be made payable to these addresses.

Correspondence relating to a lottery has been observed in the mails mailed by Mr. J. J. O'Beirne, 22 Dominick St., Galway, Ireland; Mr. Jospeh Toner, Shop Street, Galway, Ireland, and as lotteries are illegal in Canada all correspondence addressed to or coming from these addresses should be sent specially by first mail to the General Superintendent of Postal Service (for Inspection Division), Ottawa, and money orders are not to be made payable to these men.

Correspondence in regard to a lottery in connection with the French National Saving Certificates, mailed by M. B. Prunier & Company, The French and Colonial Credit Bank, 4, 6 and 8 Rue Henri IV, Amiens, France, has been observed in the Canadian Mails. As lotteries are illegal in Canada, all correspondence addressed to or coming from the above address is to be sent specially by first mail to the General Superintendent of Postal Service (for Inspection Division), Ottawa, and Money Orders are not to be made payable to this address.

(16) New Blind Ballot.—With reference to the Notice appearing in Weekly Bulletin of the 1st November, some postmasters are still forwarding to the Department, letters addressed simply:

Army and Navy Stores, 105 Victoria Street, S.W. 1
A. E. Gamage, Ltd., Holborn, E.C. 1,
Civil Service Supply Association, 136 Queen Victoria Street, E.C. 4,
Haymarket Stores, Haymarket, S.W. 1,
Keith, Prowse & Co., Ltd., 42 Portland St., W. 1—all of London, Eng.

In this connection it is pointed out that only letters addressed to the International Institute for the Blind, 244 Great Portland Street, care of any of the above establishments should be forwarded to the General Superintendent of Postal Service (for Inspection Division), Ottawa.

" 60.00	"	100.00	25 "	"	4 "	"	"

A gummed slip bearing these rates was forwarded to each Accounting Office with the Weekly Bulletin for 20th December, 1924, and it is to be affixed to the Card M.O. No. 5 P.M., over the printed rates in force at present.

RE DISCREPANCIES IN AMOUNTS OF MONEY ORDERS

It is observed that an increasingly large number of Money Orders reaching the Department exhibit marked discrepancies between the amounts in words and figures, and in the marginal check, and, as a consequence therof, the operations of the Electrical Accounting Systems are seriously impeded.

As these errors are the result of gross carelessness on the part of the Officers preparing the Orders, and occasion much annoyance to the patrons of the Money Order service and unnecessary waste of time in the Department through the necessity of verification, Postmasters will please take the necessary steps to see that all Money Orders are carefully prepared; if an error should occur as a result of such discrepancies, the Clerk by whom the Order is prepared may become liable for the amount involved.

British Postal Orders (which are somewhat similar to Postal Notes) are issued in the United Kingdom and British Possessions. They can be easily distinguished as they bear the words "British Postal Order" and are printed for fixed amounts as indicated above.

British Postal Orders are payable in Canada at the Main City Post Offices only. A list of the offices will be found in the Postal Guide.

(2) Federal Government statements sent by Branch Banks to Head Office or Ottawa Branch may be registered free of charge.—Postmasters are informed that the instructions re payment of registration fee on registered articles addressed to Government Departments at Ottawa, do not affect Section 153, page 38 of the Postal Guide, that is, Government statements sent by Branch Banks to Head Office or Ottawa Branch may be registered free of charge.

(3) Prepayment of Parcel Post at time of Remailing.—Numerous complaints have been received that Postmasters are not collecting postage at parcel post rates on parcels which are returned to the senders by the addressees.

Postmasters are cautioned to see that such parcels are fully prepaid at parcel post rates at the time of remailing.

(4) C.O.D. Remittances must be made promptly.—Postmasters of accounting offices are reminded of the importance of promptly remitting C.O.D. charges. Just as soon as collection has been made a Money Order for the amount due the sender should be issued and despatched direct to the sender in envelope No. 30½. The Money Order and the envelope should be impressed with the C.O.D. stamp and given the same number as the C.O.D. article for which collection was made.

Prompt action and careful attention to these details will do much to popularize the service.

(5) Circular Mailings to be given Careful Attention.—A number of manufacturers are mailing a considerable quantity of almanacs and other third class matter addressed to householders.

Postmasters are reminded that this mail is to be given the same prompt attention as matter mailed under the third class rate individually addressed.

(6) Re Proper Cancellation of Postage Stamps.—Re proper cancelling of postage stamps, Post masters are warned that frequent checks will be kept with a view to ascertaining whether post offices a properly performing this important duty.

In order to obtain proper cancellation results, the following points should be observed:—

Keep all stamping pads well inked.
Shake the ink thoroughly before placing the ink on the pad.
Rub the ink well with the wooden "Muller".
Do not allow stamping pads to become too much worn to properly hold the ink.
Make requisition for new stamping pads before the old ones are too much worn.
Place mail on rubber pad before cancelling.
Use stamp canceller in every case.

(7) Mail Matter addressed to Kitchener, B.C., and Longlac, Ontario.—Postmasters are informed that a considerable amount of mail matter for Kitchener, B.C., is being missent to Kitchener, Ontario and vice versa. This missending also occurs in the case of mails for Longlac, Ontario and Longlake Ontario.

Postmasters are requested, therefore, to exercise particular care in the sortation of mail addressed to these points as this missending often results in serious delay or possibly non-delivery.

(8) Changes in the Rate on Letters from Certain Countries to Canada.—The Department has been advised by the International Bureau of the Universal Postal Union, Berne that the rates of postage on letters from the countries mentioned below, equivalent to 10 cents for the first weight and 5 cents for each succeeding weight or fraction, and the dates on which they become effective are as follows:—

Country	Letter Rate		Postcards	Date
	1st weight	2nd weight		
Germany	25 pfennigs	15 pfennigs	15 pfennigs	1 Jan. 24.
Greece	2 drachmas	1 drachma	1 drachma	1 Jan. 24.
	50 lepta	25 lepta	50 lepta	
Irak	3 annas	1½ annas	1½ annas	
Liberia	10 cents	5 cents	5 cents	

Surcharges are to be collected according to Post Office markings. The above is to be substitut for the information given at pages 11 to 13 of the April Supplement to the 1924 Postal Guide.

(9) Direct Exchange of Parcel Post with Holland.—Postmasters are informed that a direct exchang of parcels, both insured and uninsured, by post has been arranged between Canada and Holland. Thi will be in addition to the parcel post route via England. Direct parcel mails from Canada will be made up at Montreal, P.Q. during the summer season and St. John, N.B. during the winter. The first direct despatch will be forwarded by the S.S. "Welland County" sailing from St. John on the 7th February. The rates of postage on parcels posted in Canada for transmission by this direct route will be as follows:—

1 lb.	$0.24	4 lbs.	$0.65	8 lbs.	$1.09
2 lbs.	0.35	5 lbs.	0.76	9 lbs.	1.20
3 lbs.	0.46	6 lbs.	0.87	10 lbs.	1.31
		7 lbs.	0.98	11 lbs.	1.42

The insurance fees will be the same as for parcels to Great Britain.

The regulations as to packing, customs declarations, prohibited articles, etc. will be the same as for parcels for Holland sent via England.

Parcels containing any of the following goods or articles may not be accepted for insurance: eggs, fresh meat, glass, crockery, gramophone records, semi-liquids, liquids, grease, bank notes, coin, bullion, gold dust, jewellery, bonds, coupons or securities, precious stones, or any articles of an exceptionally fragile or perishable nature.

While the charges for the conveyance of parcels by the direct service are lower than for the service via England, the frequency of the direct service is less and the choice of the route should be left to the sender. Persons wishing to forward parcels by the direct route should bear this in mind.

(10) Parcel Post via San Francisco to New Zealand and Australia—Increased Postage Rates—he rates of postage applicable to parcels accepted for transmission via San Francisco to New Zealand nd Australia have been increased and until further notice will be as follows:—

Postmasters are reminded that the route via San Francisco is in addition to the direct route via Vancouver and that the route to be used is optional with the sender. Parcels intended for transmission via San Francisco should be legibly marked "Via San Francisco" and *forwarded to Vancouver* to be included in the parcel mails made up by that office for despatch via San Francisco.

INFORMATION FOR POSTMASTERS

(1) **Transmission of Day-old Chicks by Parcel Post.**—Postmasters are informed that the experimental service introduced last spring for the transmission of day-old chicks by Parcel Post in Canada will be renewed this year.

Live day-old chicks may be accepted from the 1st April to June 15th, except in British Columbia, where the mailing period will be from March 15th to May 31st, at the risk of the sender, for transmission at Parcel Post Rates to places within Canada and the United States, provided the package in which they are contained is properly prepared and that delivery can be made to the addressee within 36 hours from the time of posting.

Day-old chicks must not be accepted for transmission if baggage car service, "catch-post" service, or service by water route is necessary—this does not include short water routes which are virtually ferry services. Shippers should consult the District Superintendent of Postal Service for information as to places to which the day-old chicks may be sent.

Parcels containing day-old chicks may not be insured.

Shipments of day-old chicks are to be transported outside of mail bags. It is recommended that the shipper affix a legibly written or printed notice to each such package, giving the following instructions, which postal employees are to carefully observe:—

"Day-old chicks.

This side up.

Handle with special care.

Do not give food or drink to the chicks while in transit.

Despatch as quickly as possible and deliver to addressee promptly upon arrival at office of destination.

Do not place package in mail bag or cover with other mail matter.

Do not place near hot pipes, stoves or radiators or expose to cold winds or hot sun.

As far as possible protect from all extremes of heat or cold."

(2) **Money Order Rates on present issue of C.O.D. Tags to be altered.**—Postmasters will note that the Money Order Fees appearing on the back of section 4 of the present issue of C.O.D. tags are incorrect as a consequence of the fees having been altered.

The new rate of comimssion on Money Orders should be brought to the attention of all users of the C.O.D. service, so that the proper Money Order fee is entered on the tag and collected in each case.

The new rates are:

On Orders up to			$ 5.00	5	cents	and	2	cents	War Tax	additional.
Over $ 5.00	and up to		10.00	7	"	"	2	"	"	"
" 10.00	"		30.00	12	"	"	2	"	"	"
" 30.00	"		50.00	15	"	"	2	"	"	"
" 50.00	"		60.00	20	"	"	4	"	"	"
" 60.00	"		100.00	25	"	"	4	"	"	"

(3) Cheap watches in nickel cases sent in for repair and other cheap articles mailed in quantity may be accepted for Insurance.—With reference to the regulation prohibiting the acceptance of jewelry and articles ordinarily classed as jewelry for insurance, Postmasters are informed that articles such as cheap watches in nickel cases sent in for repair, and other cheap articles mailed in quantity, are not included in this prohibition and may be accepted for insurance.

(4) Attention—Postmasters of Non-accounting Offices.—Reference is made to section 9 of the December Supplement reminding Postmasters that the amount to be remitted to the **sender** of a C.O.D. article is not to include the money order fee.

At non-accounting offices after the C.O.D. charges and money order fee have been collected, the procedure is as follows:

Postage stamps to the value of the money order fee are to be affixed to the back of the upper part (section 4) of the tag. Such stamps must not be cancelled in any manner.

This part of the tag (section 4), together with the cash to be remitted, is then to be enclosed in official registered envelope No. 44 (envelope used for remitting money for postage stamps) and forwarded under registration to the Postmaster of the office at which the C.O.D. article was posted. A separate envelope should be used for each remittance and in every case the envelope should be legibly endorsed with the letters "C.O.D." Under no circumstances should C.O.D. cash remittances be mixed with cash remittances for postage stamp supplies.

(5) Proper Treatment of Samples.—Representations have been made to the effect that a large number of sample packets sent through the mails are neither delivered to the addresses nor returned to the senders.

A number of losses of this kind which have occurred would suggest that some postal employees appear to regard these samples as not being mail matter in the usual sense, and that abstracting them from the mails does not render the persons responsible liable to the same penalty as misappropriation of other classes of mail matter. This is a mistaken impression which may lead to very serious consequences for the persons concerned.

Abstractions of these articles from the mails constitute theft under the criminal law, this being an indictable offence and rendering the person responsible liable to five years' imprisonment.

(6) Correction in the 1925 Postal Guide.—On page 108 of the 1925 Postal Guide, the rate for Letter Postage to the Union of Soviet Socialist Republics should read "10c. for the first ounce and 5c. for each ounce after." Postmasters will please make the necessary correction.

(7) Similarity in Post Office Names.—The attention of Postmasters is called to the similarity in the names of the following Post Offices:—

Coronation, Alta.		Coronation Gulf, N.W.T.
Coronation, N.B.		Coronado, Alta.
	and	
Hanover, Ont.		Harrow, Ont.
Hannon, Ont.		Homer, Ont.
Hanmer, Ont.		Honora, Ont.
	and	
Cowley, Alta.		Cowley, Alaska, via Carcross, Y.T.

Frequently mail addressed to one of these points is received at the wrong office for delivery, resulting in serious delay or possibly non-delivery. Postmasters are requested therefore to exercise particular care in the sortation of mail addressed to these points to overcome this difficulty.

(8) Increase in Post Office Business.—

December	No. of C.O.D. Articles	No. of Insured Articles
1922	22,808	458,072
1923	55,008	521,662
1924	78,663	678 300

An increase of 245% in two years. An increase of 48% in two years.

(9) Display of Post Office Bulletins.—The Postmaster at Abernethy, Sask., displays the third page of the Weekly Bulletin under plate-glass at the delivery wicket. Afterwards the notices are taken out and placed on a file in the lobby so that the public may refer to them at any time. Perhaps other Postmasters might desire to use this method of display.

(10) Recipe for Indelible Ink.—The following is an extract from a communication received from the Postmaster at Pugwash Junction, N.S.—

"For the benefit of Postmasters who buy their own ink, a very good ink can be made by dissolving one lead of an indelible pencil in a quart of water. This will make you a quart of ink for the sum of 5c., quality the same as used in this note. It will not corrode, works freely through a fountain pen, and preserves the nib of your pen."

INFORMATION FOR POSTMASTERS

(1) Insurance of Parcel Post for Germany.—Postmasters are informed that parcel post posted in Canada for transmission by the direct parcel post route to Germany may, on and after the 1st April, 1925, be accepted for insurance under the same terms and conditions as apply to parcels posted for delivery within Canada, with the exception that the 3 cent and 6 cent fees do not apply for Germany, so that the scale of insurance fees will be as follows:

12 cents for insurance not exceeding $50.00.
30 cents for insurance exceeding $50.00, but not exceeding $100.00.

(2) Insurance of Parcel Post for St. Vincent.—Postmasters are informed that parcel post posted in Canada for transmission by the direct parcel post route to St. Vincent may on and after the 1st April, 1925, be accepted for insurance under the same terms and conditions as apply to parcels posted for delivery within Canada, with the exception that the 3 cent and 6 cent fees do not apply for St. Vincent, so that the scale of insurance fees will be as follows:

12 cents for insurance not exceeding $50.00.
30 cents for insurance exceeding $50.00, but not exceeding $100.

(3) General Delivery not to be used by persons with a fixed residence in place having Letter Carrier Delivery Service.—The following Section should be added after Section 243, Page 55 of the 1925 Postal Guide:—

The General Delivery Service of the Post Offices mentioned in Section 13 is intended for the use of the travelling public, transients and persons who have no fixed or permanent house addresses within the letter carrier delivery area, or others who cannot, for good and sufficient reasons, conveniently receive their mail by letter carrier or through a post office box.

Persons with a fixed residence in places where the letter carrier delivery service is in operation who receive their mail through the General Delivery may be required by the Postmaster to furnish a statement giving their reason for calling at the General Delivery instead of obtaining their correspondence through the letter carrier delivery service.

(4) Notice to Postmasters in the Province of Saskatchewan—Permit Required for Shipment of Raw Furs out of the Province.—In accordance with the Saskatchewan Game Act all raw or undressed skins or pelts of fur-bearing animals upon which royalty is payable, cannot be shipped to places outside the Province unless a declaration on a form provided by the Department of Agriculture, Saskatchewan, is attached, showing that the royalty thereon has been paid.

When packages of raw or undressed skins or pelts of fur-bearing animals upon which a royalty is payable are offered for conveyance by post to points outside the Province of Saskatchewan, Postmasters must not accept them unless a permit from the Department of Agriculture, Saskatchewan, is attached to the parcel.

(5) **Counterfeit Bank Bills.**—The Department is informed by the Postmaster at Toronto that several counterfeit One Hundred Dollar Imperial Bank of Canada Bills have been recently tendered, the counterfeit being so close that it was not at first even noticed by the officials of the Bank, who had in some instances reissued the Bills. The following press item giving a description of the Bills in question is quoted for the guidance of Postmasters:—

"The Imperial Bank of Canada desire to warn the Public that a considerable number of counterfeit notes of its old British American Bank Note Company issue dated the 2nd of January, 1917—$100.00 each,—are appearing in circulation, face black and white; some green, particularly over the words one hundred, appearing above the signatures. The back of the counterfeit is bright green, the words "Imperial Bank of Canada" appearing in a circular device; the numerals "100" in large figures, horizontal to the device. The matter has been placed in the hands of the proper authorities for investigation."

(6) **Transmission of Day-old Chicks by Parcel Post.**—Postmasters are informed that the experimental service introduced last spring for the transmission of day-old chicks by Parcel Post in Canada will be renewed this year.

Live day-old chicks may be accepted from the 1st April to June 15th, except in British Columbia, where the mailing period will be from March 15th to May 31st, at the risk of the sender, for transmission at Parcel Post Rates to places within Canada and the United States, provided the package in which they are contained is properly prepared and that delivery can be made to the addressee within 36 hours from the time of posting.

Day-old chicks must not be accepted for transmission if baggage car service, "catch-post" service, or service by water route is nescesary—this does not include short water routes which are virtually ferry services. Shippers should consult the District Superintendent of Postal Service for information as to places to which the day-old chicks may be sent.

Parcels containing day-old chicks may not be insured.

Shipments of day-old chicks are to be transported outside of mail bags. It is recommended that the shipper affix a legibly written or printed notice to each such package, giving the following instructions, which postal employees are to carefully observe:—

"Day-old chicks.
This side up.
Handle with special care.
Do not give food or drink to the chicks while in transit.
Despatch as quickly as possible and deliver to addressee promptly upon arrival at office of destination.
Do not place package in mail bag or cover with other mail matter.
Do not place near hot pipes, stoves or radiators or expose to cold winds or hot sun.
As far as possible protect them from all extremes of heat or cold."

(7) **Examination of C.O.D. parcels not permitted.**—Attention has been called to the fact that in certain cases goods have been ordered by people through travelling agents of firms, on the understanding from the agents, that the goods would be shipped via the C.O.D. service and that they would be permitted to examine the contents of the parcel before paying the charges. It appears that many Postmasters have permitted the examination of the contents, with the result that the parcels have been refused, and considerable difficulty experienced.

Postmasters are referred therefore to the regulation in the C.O.D. pamphlet of instructions reading as follows:—

"No article is to be accepted for C.O.D. which bears any wording to the effect that the articles may be examined before acceptance, as the C.O.D. service does not carry with it any examination privilege.

In the event of the addressee having paid the charges due on a C.O.D. article, and after examination of the same desiring to hand the article back and have the money refunded, such request is under no circumstances to be complied with."

This regulation is to be strictly adhered to.

(8) **Stamps for Philatelic Agency.**—When the Philatelic Stamp Agency was established in February 1923, a request was made through District Superintendents that Postmasters having on hand old issues of stamps should turn them in to the Postage Stamp Division, Financial Branch, Post Office Department, Ottawa, to be sold through the Philatelic Agency. Occasionally stamps sent in in compliance with this request have been pasted on sheets which renders them unfit for sale.

Postmasters are requested, therefore, to send in the stamps loose so that they will not be damaged in any way.

(9) **Return of United States Mail Bags.**—Postmasters are reminded that, in returning mail bags to the United States, a United States sack should be utilized as the outer container.

The United States Post Office Department reports that Canadian mail sacks have been used for this purpose, and Postmasters are requested to caution all members of their staff concerned in this regard.

(10) Proper completion of A.R. form. (Acknowledgment of Receipt Card 39 B.)—Postmasters are instructed to take special care to see that the blank spaces for date-stamp; signature of addressee or addressee's representative; and signature of Postmaster, are properly filled in before an A.R. card is returned to the sender.

(11) Packing of Liquids.—Reports have been received that mail matter is frequently being damaged by liquids, which was contained in glass bottles, not properly packed resulting in their being broken during transit.

Postmasters are cautioned therefore, against accepting parcels containing liquids, unless the parcel is properly packed. Liquids and Oils must be enclosed in glass bottles hermetically sealed. Each bottle must be placed in a special box of wood or of strong corrugated cardboard containing sawdust, cotton, or spongy material in sufficient quantity to absorb the liquid in the event of the bottle becoming broken. Such parcels should be marked "Fragile—with care."

See Sections 130 and 131, Page 27 of the Postal Guide.

(12) Cotton Duck Letter Bags with strap fastening to be immediately forwarded to nearest depository.—The Equipment and Supply Branch advise that Cotton Duck Letter Bags with strap fastening have become surplus to requirements, and all bags of this class, which consist of three sizes, are to be recalled from the Service for the present.

District Superintendents, Post Office Inspectors, Postmasters and all other Postal employees concerned are accordingly requested to see that such bags are immediately forwarded to the nearest depository.

The depositories are located as follows:—

St. John, N.B.	Moncton, N.B.	Toronto, Ont.
London, Ont.	Montreal, P.Q.	Ottawa, Ont.
Winnipeg, Man.	Calgary, Alta.	Vancouver, B.C.

The co-operation of the Service in this connection will be appreciated.

(13) Undeliverable Catalogues Prepaid at Parcel Post Rates to be returned direct to senders if requested.—In the case of catalogues prepaid at parcel post rates which are undeliverable, where there is on the cover a request for direct return to the sender, this request is to be complied with and the catalogue returned direct to the sender, charged with the necessary postage at parcel post rates for such return. (See section 121, page 25 of the Postal Guide.)

(14) Changes in the rate on letters from certain countries to Canada.—The Department has been advised by the International Bureau of the Universal Postal Union Berne, that the rates of postage on letters from the country mentioned below, equivalent to 10 cents for the first weight and 5 cents for each succeeding weight or fraction, and the date on which they become effective are as follows:—

	Letter Rate			
Country	1st weight	2nd weight	Postcards	Date
Austria.....	40 groshen.....	20 groshen.....	24 groshen.....	1 March, 1925.

Surcharges are to be collected according to Post Office markings. The above is to be substituted for the information given at pages 8 to 10 of the March Supplement to the 1925 Postal Guide.

(15) Change in rate on letters and postcards from Barbados.—Postmasters are informed that the rate of postage on letters from Barbados will, with effect from the 1st April, 1925, be one penny for each ounce or fraction thereof. The rate on postcards from the same date will be one penny.

The above is to be substituted for the information given at pages 8 to 10 of the March Supplement to the 1925 Postal Guide.

(16) 5 Cent Delivery Fee collected on Parcels in United States.—As several enquiries have been received regarding the Delivery Fee collected in the United States on parcels from Canada, it is desired to call attention to the fact that a delivery charge of 5 cents is collected from the addressee on delivery in the United States.

(17) France—Postage Rates for direct parcel post.—Postmasters are informed that the rates of postage on parcels despatched to France by the direct parcel post route have been altered, and on and from the 1st April, 1925, will be as follows:—

		4 lbs.....	61c.	8 lbs.....	$1.05
1 lb.....	22c.	5 lbs.....	72c.	9 lbs.....	$1.16
2 lbs.....	33c.	6 lbs.....	83c.	10 lbs.....	$1.27
3 lbs.....	50c.	7 lbs.....	94c.	11 lbs.....	$1.38

Postmasters will please amend their Postal Guides accordingly and see that the new rates are enforced.

(18) Parcel Post to Jamaica.—The Postal Administration of Jamaica advise that, in order to secure the benefit of the preferential rates of duty applicable to merchandise from Canada, Certificates of Origin giving particulars and place of manufacture should accompany goods sent by parcel post to Jamaica.

If the Certificate is enclosed in the parcel, a note to that effect should be made on the Customs Declaration.

(3) Local Daylight Saving.—It is necessary in all cases that arrangements shall be made to despatch and receive mails in accordance with the Railway Time Tables; but in the matter of the time of the opening and closing of post offices the Postmaster may be guided by the action of the Municipal authorities that is, in any place where the local authorities decide to adopt daylight saving time, the postmaster may do likewise.

(4) Aerial Mail Service to Rouyn, P.Q.—Postmasters are advised that the special Air Mail Service undertaken by the Laurentide Air Services, Limited, during the past winter between Larder Lake, Ontario and the Rouyn goldfields, has been temporarily discontinued.

(5) Roumania.—Money must not be sent by Registered Letter.—The Roumanian Postal Administration advise that they will not accept any responsibility for the loss of money sent by registered letter to Roumania and state that cheques should be used in forwarding money to that country.

(6) Sealed Parcels of Merchandise Prepaid at Parcel Post Rates not to be Rated.—It is reported that some Postmasters are rating up and collecting letter rate of postage on sealed parcels of merchandise sent by merchants who are shipping goods prepaid at parcel post rates on which appears the following notice:

CONTENTS:

POSTMASTER: This parcel may be opened for postal inspection if necessary.

FROM

.....

in accordance with regulation 125, page 26 of the 1925 Postal Guide.

Such parcels of merchandise if fully prepaid at parcel post rates and addressed for delivery in Canada or the United States should be delivered without surcharge.

Similarly articles of merchandise posted in the United States and fully prepaid at fourth class matter rate which bear the required printed notice as regards the examination of contents are, when received in Canada, to be delivered without surcharge.

(7) Original Registration Number to be used through entire transit.—It has been represented by the Inspection Division that in dealing with registered articles passing through their offices, many Postmasters are scoring out the original numbers, giving the articles new numbers and entering the new numbers on the bills.

In this connection Postmasters are reminded that the original number is to be used to describe a registered article throughout entire transit. Thus "Guelph 24" will fully described through entire transit a registered article mailed at Guelph under number 24, and the article is not to be given any different number when passing through another post office.

(8) **Insured Parcels should be Properly Addressed.**—It has been reported that insured parcels are frequently mailed minus the street address of the addressee with the result that considerable difficulty is experienced in the delivery of the parcels. This point has also a very important bearing in the adjustment of insurance claims and the Postmaster's attention is referred, therefore, to the section of the pamphlet of insurance instructions reading as follows:—

"Parcels for insurance must be legibly and **fully addressed** and must bear the name and address of the sender."

Postmasters will please see that this regulation is strictly adhered to.

(9) **C.O.D. Remittances to include only the Amount due the Sender.**—Postmasters are reminded that the amount remitted to the sender of a C.O.D. article is not to include the money order fee. This money order fee, which is collected from the addressee in addition to the amount due the sender, is to be retained by the Post Office as commission for the money order which is issued to the sender.

(10) **Bags for Parcel Post fitted with Grommet Locks.**—It would appear that parcel post bags fitted with new style grommet locks are not being promptly returned to the City Post Offices from which they originated as there is a noticeable decrease in the supply available.

Postmasters and Railway Mail Clerks are requested to divert bags specially fitted with grommet locks and despatch label holders to the offices from which they were sent out for test purposes, viz:—Montreal, Toronto, Winnipeg, Regina and Vancouver, and to continue promptly returning such equipment to the office from which it is received.

(11) **Cotton Duck Letter Bags with Strap Fastening should be immediately forwarded to nearest Depository.**—The Equipment and Supply Branch desire to draw attention to the request contained in the Weekly Bulletin of March 7th, 1925, to the effect that Cotton Duck letter bags with strap fastening be immediately forwarded to the nearest depository.

District Superintendent, Post Office Inspectors, Postmasters and all other postal employees concerned, are again requested to give this matter their immediate attention, so that the bags in question may be centralized in the nearest depository with the least possible delay.

(12) **Tins of Maple Syrup should be properly packed.**—With reference to the notice appearing in the April 1925 Supplement, in connection with the proper packing of liquids, Postmasters are informed that a number of complaints have been received that tins of maple syrup are being observed passing through the mails in a partly open condition with the result that mail matter is frequently damaged.

Each such tin should be placed in a special box of wood or of strong corrugated cardboard containing sawdust, cotton or some spongy material of sufficient quantity to absorb the liquid in the event of the tin being forced open. A better method is to procure a tin with a screw lid, and a rubber or cork cushion inside, in order to make it water-tight. This would prevent any leakage. Such parcels should also be marked "Fragile-with care".

See Sections 130 and 131, page 27 of the 1925 Postal Guide.

(13) **Special Handling of Spring Hats.**—In view of the increase of fragile shipments,—mostly hats, owing to the spring season, postmasters are requested to give special attention to shipments of this nature.

Fragile parcels should be well packed and should be conspicuously endorsed or labelled "Fragile—with care."

Fragile parcels are to be despatched in "all red" or "brown stripe" bags of which a supply should be on hand. Even if there is only one fragile parcel for despatch it should be placed in an "all red" or "brown stripe" bag.

All postal employees are specially warned not to roughly handle fragile parcels or "all red" and "brown stripe" bags containing fragile parcels nor to throw them on the floor or onto mail trucks or into postal or baggage cars and under no circumstances to sit on or walk over sacks of mail matter.

In piling, loading or unloading matter "all red" and "brown stripe" bags containing fragile articles should be kept on top.

(14) **How to put up Packages of Bank Bills.**—Postmasters are reminded that packages of bank bills for transmission by mail should be put up in the manner described below.

BEFORE WRAPPING, the bills must be put up in a compact package and securely tied with strong twine. The wrapper must be of linen or other strong woven material, linen lined paper or two thicknesses of strong "kraft" paper (not less than 60 lbs. weight per ream). AFTER WRAPPING, the package must again be securely tied or stitched and sealed at the points of closing.

In any case where a package of bank bills is received in a broken condition, the contents must be carefully verified in the presence of the addressees before the package is delivered and the case must then be reported immediately to the District Superintendent with full particulars as to the date and office of mailing the name of bank by which posted, amount of contents, address, and date of delivery.

Postmasters are requested to inform the banks which receive and despatch money packages through their office of these regulations.

(15) Use of Small Cards or Envelopes to be discouraged.—During the various holiday seasons (particularly Christmas) the use of small cards and envelopes results in considerable annoyance to the Post Office and to the public as such small cards and envelopes are difficult to sort and are readily lost. NOW IS THE TIME DEALERS ARE ORDERING THEIR STOCKS OF GREETING CARDS and if they are approached AT ONCE and the following objections to small cards and envelopes pointed out, they may co-operate and discontinue the sale of envelopes and cards smaller than size 3″ x 4″:—

1. As a result of the small size of the cards or envelopes the Post Office cancellation mark frequently falls on the address partially obliterating it with the possibility that the article may be misdelivered or at least delayed.

2. There is difficulty in the post office sortation and handling of small cards and envelopes and this unavoidably causes delay.

3. There is also difficulty in putting small cards or envelopes through stamp cancelling machines at larger offices, and this too causes delay.

4. The small size of the cards or envelopes makes them apt to fall out of bundles in which they are tied, and there is the possibility of loss as a result of this..

Responsibility for loss, misdelivery or delay as outlined above, arising from the use of small cards or envelopes, rests entirely with the sender.

THIS SHOULD BE TAKEN UP AT ONCE.

(16) Postal Note Coupons.—The Financial Branch wish to draw attention to the fact that the impressions of the date-stamps on Postal Note coupons are frequently so indistinct as to be quite illegible, and as in many cases the coupons comprise the only records of the remittances kept by the purchasers of the Notes, Postmasters are requested to see that proper care is exercised in date-stamping the coupons as well as the Postal Notes.

(17) Catch Post Service.—Fife, B.C. and Christina Lake, B.C. (Summer Office) should be deleted from the list of offices having Catch Post Service.

(18) Changes in the Rate on Letters from Certain Countries to Canada.—The Department has been advised by the International Bureau of the Universal Postal Union, Berne, that the rates of postage on letters from the country mentioned below, equivalent to 10 cents for the first weight and 5 cents for each succeeding weight or fraction, and the dates on which they become effective are as follows:—

LETTER RATE

Country	1st weight	2nd weight	Postcards	Date
Turkey.....	10 piastres.....	5 piastres.....	6 piastres.....	1st April, 1925.

Surcharges are to be collected according to Post Office markings. The above is to be substituted for the information given at pages 8 to 10 of the March Supplement to the 1925 Postal Guide.

(19) Parcel Post for Roumania—Warning.—Information has reached the Department that heavy charges for Customs duty are charged in Roumania on parcels containing worn clothing posted in Canada addressed to that country. It is understood that addressees are in many instances unable to pay such charges and cannot secure delivery of their parcels. It should also be stated that parcels containing worn clothing addressed to Roumania are frequently returned from Roumania stamped "Prohibited".

If the contents of the parcels are valuable and return is desired, the senders in Canada must be prepared to meet the cost of return and should endorse on the Customs Declaration under DISPOSAL INSTRUCTIONS OF SENDER the direction "If not deliverable as addressed, return to sender" The alternative instructions not desired on the Customs Declaration should be scored out. To avoid being called upon to pay return charges, senders should mark their parcels—"To be abandoned in case of non-delivery".

Postmasters will please give the above information to persons posting parcels addressed to Roumania.

British Postal Orders (which are somewhat similar to Postal Notes) are issued in Great Britain and British Possessions. They can be easily distinguished as they bear the words "British Postal Order" and are printed for fixed amounts as indicated above.

British Postal Orders are payable in Canada at the Main City Post Offices only. A listof the offices will be found in the Postal Guide.

(2) Money Order Rates on Old Issue of C.O.D. Tags to be altered.—With reference to the notice in the March Supplement drawing attention to the fact that the Money Order Fees appearing on the back of section 4 of the C.O.D. tags were incorrect as a consequence of the fees having been altered, Postmasters are informed that new tags containing the proper rates are now available but in this connection Postmasters are requested to use up the old tags first, correcting them as used in accordance with the following schedule:—

Schedule of Money Order Fees (including war tax)—

For orders from		$ .01	to $ 5.00	— 7	cents
"	"	5.01	to 10.00	— 9	"
"	"	10.01	to 30.00	— 14	"

"	"	60.01	to 100.00	— 29	"

(3) New 1C. No. 10 Stamped Envelope.—On and after the 1st June 1925, the Department will issue a 1c. No. 10 stamped envelope in manila paper. This envelope will be sold to the public at $1.20 per 100 and may be obtained on requisition.

(4) Canadian Newspapers and Periodicals may be sent to Windward Islands at Canadian Domestic Rates.—Postmasters are informed that the British Colonies of Grenada, St. Lucia and St. Vincent, which comprise the Windward Islands, are to be added to the list of countries given at Section 49, Page 13 of the Postal Guide to which Canadian newspapers and periodicals may be sent by direct mail steamers at the same rates of prepayment and subject to the same conditions as are applicable to such matter when posted for delivery within Canada.

The following entry should also be made opposite the names of Grenada, St. Lucia and St. Vincent at Pages 93, 105 and 106, respectively:—

"Newspapers and periodicals published in Canada pass at Inland Postage rates."

(5) Summer Mail Service to Yukon.—Attention is invited to the fact that navigation in the Yukon will open about the first week in June. Parcel Post service will then be resumed.

POSTMASTERS WILL PLEASE GIVE THIS EVERY POSSIBLE PUBLICITY THROUGH THE PRESS AND OTHERWISE.

(6) Return of "request" Third Class Matter.—Representation has been made that many Postmasters do not return third class matter bearing a request for return, and Postmasters are accordingly reminded that requests, whether printed or written on any article of third class matter addressed to a place in Canada, for its return in case of non-delivery should be complied with, in accordance with the regulations in section III, page 23 of the Postal Guide.

(7) Registration Fee required on Registered Letters addressed to Government Departments.—Postmasters are reminded that while correspondence on public business addressed to Public Departments as set forth in Sec. 155, Page 38, of the Postal Guide, may be forwarded free of ordinary postage, the usual registration fee must be paid if the letters are to be sent via registered mail.

This regulation is to be strictly adhered to.

(8) Mail Matter addressed to Inspectors and Assistant Inspectors of Taxation should bear Postage.—Mail Matter addressed to Inspectors and Assistant Inspectors of Taxation is not entitled to pass free of postage. If Postmasters notice that any mail matter so addressed has been posted unpaid or shortpaid at their offices, they should ask the senders (where known) to pay the necessary postage.

(9) Postal Notes must be filled in before being Despatched in the Mails.—Postmasters are requested to instruct the purchasers of Postal Notes to write their names on the Notes in the space reserved for the purpose, and to fill in the names of the payees and offices of payment.

The purchasers of Postal Notes should also be directed to detach and keep the coupons, and to write upon the backs of the coupons the names and addresses of the payees. The purchasers will then have full records of the remittances and will be in a position to furnish the necessary particulars if they afterwards desire to have the Notes traced.

(10) Mail Bags to be immediately forwarded to Depositories.—The Equipment and Supply Branch advise that heavy demands are being made on depositories, for mail bags, and District Superintendents, Post Office Inspectors, Postmasters and other Postal employees concerned are, therefore, requested to see that every mail bag, whether fit for stock or repair, is immediately forwarded to the nearest depository.

(11) Increase in Post Office Business.—

INFORMATION FOR POSTMASTERS

War Tax on Postal Notes discontinued

Postmasters are informed that the war tax on Postal Notes of the denominations ranging from 20c. to $5.00 (inclusive) has been discontinued. On and after the 1st July, 1925, Postal Notes of the above mentioned denominations must be sold for their face value and the commission only, as follows:

20c., 25c., 30c., 40c. ..... One cent commission per Note.
50c., 60c., 70c., 75c., 80c., 90c., $1.00, $1.50 ..... Two cents commission per Note.
$2.00, $2.50, $3.00, $4.00, $5.00 ..... Three cents commission per Note.

On the Postal Notes of the $10.00 denomination the war tax of one cent per Note will be continued and in selling a Postal Note of that denomination $10.06 must be collected as heretofore.

Special instructions in regard to the matter were sent from the Department in the latter part of June to all Postmasters. If any Postmaster did not receive the instructions he will please apply at once to the District Superintendent of Postal Service for a copy.

(2) **New York-San Francisco Air Mail Service.**—Postmasters are informed that letters and other articles except those liable to damage from freezing, may be posted in Canada for transmission by the United States aerial mail service between New York and San Francisco, provided such articles are endorsed "Via Air Mail" in the upper right-hand corner immediately below the space reserved for postage stamps; that they are properly prepaid as regards Canadian postage and that the air mail postage is prepaid in United States postage either by ordinary United States postage stamps or by special air mail stamps issued by the United States Postal authorities.

The New York-San Francisco air route is divided into three zones, terminating at Chicago, Cheyenne and San Francisco. The aerial postage for each zone is 8 cents per ounce or fraction thereof.

Postmasters at the place of mailing in Canada should not cancel United States postage stamps on articles intended for transmission by this air service, but should cancel the Canadian postage only. Such letters and other articles should be placed on the top of packages made up for United States Post Offices or railway post offices.

(3) **Air Mail Service to Rouyn, P.Q., resumed.**—Permission has been granted the Northern Air Service, Limited, Haileybury, Ont., operating an aerial service five times per week between Haileybury, Ont., and Rouyn, P.Q., to convey such mail matter as is offered for conveyance by this service provided the senders assume all risk.

The requirements for this mail are:

1. "By aerial mail" to be prominently written on the address side.
2. The usual Canadian postage to be affixed on the address side.
3. A special aerial sticker sold by the Company or its agents representing a charge of 25 cents to be placed on the reverse side in payment of the special charge for transmission by aerial service, which has been fixed by those making the flight.

Postmasters will please give this every possible publicity through the press and otherwise.

(4) **Collection of Deficient Postage—Postage Due Stamps.**—Before an unpaid or insufficiently prepaid article is delivered, the amount due thereon must be collected from the person to whom delivery is made, and postage due stamps to the same amount must then be attached to the article, and cancelled.

Unpaid or insufficiently prepaid letters or other articles must not be placed in lock or call boxes rented to the public, but a card should be placed in the box notifying the addressee that such an article has been received and will be delivered at the wicket on payment of the amount due. This card (No. 35) may be obtained on requisition.

An adequate supply of postage due stamps can be had upon requisition in the usual way and must always be kept on hand. See section 186, page 47 of the Canada Official Postal Guide for 1925.

Postmasters are allowed the usual percentage on postage due stamps.

(5) **Prepayment of duty on advertising matter, etc., for Newfoundland by Customs Duty Stamps.**—Advice has been received from the Newfoundland Administration that all advertising matter, price lists and catalogues entering Newfoundland by mail are subject to duty which may be prepaid by Customs Duty Stamps.

Newfoundland Customs Duty Stamps may be obtained on application to the Deputy Minister of Customs, St. John's, Newfoundland or to His Majesty's Senior Trade Commissioner, 285 Beaver Hall Hill, Montreal, Canada.

(6) **Mailing Letters on Trains.**—Travellers on trains who wish to post letters should do so by depositing them in letter boxes located at railway stations. If a mail car is attached to the train, the letters can be dropped into the receiver of the mail car, or handed to the railway mail clerk when it is possible to do so while the train is at a station.

Letters handed to railway employees for posting are subject to delay, due to the fact that it is not always possible for railway employees to transfer these letters to the railway mail car until the train has passed the office of destination, or in time to be included in the mails made up for destination. Letters handed to railway employees do not become post letters until they are actually placed in a letter box or handed to a post office employee, and until they are actually posted, no responsibility rests with the Postal Service in the event of their being lost or mistreated.

Postmasters will please give this every possible publicity through the press and otherwise.

(7) **Precancelled Stamps on Returned Matter to be Cancelled in Same manner as Ordinary Stamps.**—Postmasters' attention is drawn to the following regulation (Paragraph 4, Section 256, Page 57 of the Postal Guide):

> "Precancelled stamps constituting the original postage on "Request" matter that has failed of delivery and is being returned to the sender, must be cancelled as ordinary postage stamps are cancelled before such matter is handed back to the sender."

This regulation is to be strictly adhered to.

(8) **Notices Advising Tourists to use Canadian Stamps.**—During the tourist season considerable inconvenience is caused by American tourists addressing mail to the United States prepaid with United States postage stamps. In order to minimize this, notices have been prepared pointing out that all mail posted in Canada must be prepaid with Canadian stamps. These notices are intended to be put in conspicuous places in Post Offices or other Public places at points visited by tourists. Postmasters at such points should, therefore, make requisition on the Supply Depots at Winnipeg, Regina, Edmonton, Vancouver or on the Equipment and Supply Branch, for as many copies of the notices (No. 76 English, No. 76½ French) as are required.

(9) **Parcels Mailed on Approval to Persons who have not Ordered Them not to be accepted for Insurance.**—It is reported that a number of firms are mailing parcels under the insured system on approval to persons who have not ordered them. Postmasters will please notify such firms that parcels mailed in this manner are not in future to be accepted for insurance, and if inadvertently accepted, indemnity will not be paid in case of loss, etc.

(10) **Registered Packets Containing Jewellery should be Sealed.**—Postmasters are requested to advise the senders of registered packets containing jewellery to seal the packets as an additional safeguard against abstraction.

(11) Prompt Return of A. R. Form.—(Acknowledgment of Receipt Card 39-B)—Postmasters are instructed to take special care to see that A. R. Forms after having been properly filled in are returned promptly to the senders.

(12) Black Indelible Postmarking and Cancelling Ink to be used for Metal Dating and Rating Hand Stamps only.—In view of the improper use and consequent too often imperfect impressions of so many RUBBER dating and rating hand stamps, throughout the service, the Equipment and Supply Branch wish to again remind all inspecting district officers when visiting the various post offices in their respective jurisdictions, of the need of impressing upon all postmasters and their employees that the black indelible postmarking and cancelling ink,—intended only for metal dating and rating hand stamps,—must on no account be used with any of the rubber stamps because it softens and destroys the rubber.

Self-inking fountain pads and small bottles of rubber stamp ink, for the renewing and replenishing of these pads, may be had in assorted colours by any postmaster upon application to the local postal stores depot or distributing centre.

(13) Re Proper Cancellation of Postage Stamps.—Re proper cancelling of postage stamps, postmasters are warned checks will be kept with a view to ascertainig whether post offices are properly performing this important duty.

In order to obtain proper cancellation results, the following points should be observed:
Keep all stamping pads well inked.
Shake the ink thoroughly before placing the ink on the pad.
Rub the ink well with the wooden "Muller."
Do not allow stamping pads to become too much worn to properly hold the ink.
Make requisition for new stamping pads before the old ones are too much worn.
Place mail on rubber pad before cancelling.
Use stamp canceller in every case.

(14) Mail Bags to be Immediately forwarded to Depositories.—The Equipment and Supply Branch advise that demands are continually being made on the depositories for mail bags, and all offices concerned are accordingly requested to see that every mail bag, whether fit for stock or repair, is immediately forwarded to the nearest depository.

(15) Mail Addressed to Strathcona, Alberta—Postmasters are informed that frequently mail. addressed to Strathcona, B.C. and Strathcona, Ontario, is being received at Strathcona, Alberta. In some cases, "Ontario" or "B.C." has been erased by some postal official and "Alberta" substituted.

As there are a number of non-post office points in Canada called Strathcona, Postmasters are instructed to return all mail matter received or mailed at their offices addressed to Strathcona, other than the Post Office in the Province of Alberta, to the senders, Marked "No such Post Office in Ontario or British Columbia."as the case may be, and also note thereon the words "Returned for better direction."

(16) Changes in the Rate on Letters from Certain Countries to Canada.—The Department has been advised by the International Bureau of the Universal Postal Union, Berne, that the rates of postage on letters from the country mentioned below, equivalent to 10 cents for the first weight and 5 cents for each succeeding weight or fraction, and the dates on which they become effective are as follows:—

LETTER RATE

Country	1st Weight	2nd Weight	Postcards	Date
Chile.....	70 centavos.....	35 centavos.....	45 centavos.....	Now effective.

Surcharges are to be collected according to Post Office markings. The above is to be substituted for the information given at pages 8 to 10 of the March Supplement to the 1925 Postal Guide.

Sub Office No. 40, Toronto, Toronto City (16th July, 1925.)

INFORMATION FOR POSTMASTERS

(1) Letter Postage to British West Indies.—Postmasters are informed that the rate of postage on letters to the British West Indies has been fixed at 3 cents for the first ounce and 2 cents for each subsequent ounce or fraction thereof, effective from the 1st July, 1925.

The new rate applies to letters for Bermuda, St. Kitts, Antigua, Montserrat, Dominica, St. Lucia, Barbados, St. Vincent, Grenada, Trinidad, Bahamas and Jamaica, British Guiana and British Honduras.

(2) New Colour for 10c. Stamp.—The Department will shortly issue the 10c. stamp in a new colour, namely light brown, in place of the blue now in use on that stamp, and Postmasters will be good enough to use up all the stamps in the old colour before commencing on the new.

(3) **Circulars, etc., addressed simply "Householder."**—The attention of Postmasters is specially invited to section 87 on page 20 of the Canada Official Postal Guide for 1925, respecting circulars, etc., addressed simply "Householder."

The Department is particularly desirous that this class of mail matter should be carefully delivered. Postmasters are, therefore, requested to see that whenever duly prepaid circulars, or other articles of third class matter, addressed simply "Householder" are received at their offices for local delivery, that one piece of such mail is delivered to each and every family receiving mail through their offices. Care is, however, to be taken that only one piece of such Householder mail is delivered to one family.

At offices where Letter Carrier Delivery is in operation Postmasters will issue special instructions to the letter carriers that the greatest possible care is to be exercised in the delivery of circulars, etc., addressed simply "Householder," and that one piece is to be delivered to each householder on each of the letter carriers walks as far as the supply received permits.

(4) **Postmasters' Leave of Absence.**—It has been brought to the attention of the Postal Service Branch, through inspections of offices and in other ways, that many of the Postmasters throughout the Dominion are absenting themselves from duty without first obtaining leave of absence from the District Office or the Department.

When leave of absence is desired the Postmaster must obtain the necessary permission through his District Superintendent before leaving the office and, where leave for a longer period than one month is desired, application should be made in ample time to allow the District Superintendent to submit the application to the Department for consideration, so that a reply may be received before the date on which the leave would commence.

(5) **C.O.D. Collections must be promptly accounted for.**—The Department has recently been obliged to dismiss several Postmasters for failing to account for money collected in connection with C.O.D. parcels.

Postmasters will please note that the Department will not accept any excuses for delay in forwarding these remittances. Failure to account for these monies is an offence under the Criminal Code.

(6) **Improper Use of Registration Stamp.**—Reports have been received that in a number of cases, Postmasters have despatched insured parcels with the registration stamp marked on the parcel instead of the insured stamp. As this irregularity causes considerable difficulty, Postmasters should exercise care in the use of the registration stamp.

(7) **Insured Parcels must be date-stamped.**—Attention has been called to the fact that in a great many cases insured parcels do not bear the date-stamp of the office of origin, and Postmasters are therefore, cautioned to see that every insured parcel posted at their office bears a clear impression of their date-stamp before being sent on for delivery.

(8) **Mail Bags to be immediately returned to Depositories.**—The Equipment and Supply Branch advise that notwithstanding the fact that large quantities of mail bags, particularly newspaper, parcel post, fragile and cotton duck letter bags, have been supplied by the Department from time to time to meet the requirements of the service, a shortage is now being felt of the above mentioned bags at the various mail bag centres.

The fullest co-operation of District Superintendents, Postmasters and all other employees is requested to see that all bags not actually required, whether in good condition or in need of repair, are immediately returned to the nearest depository. The depositories are located as follows:—

St. John, N.B.	Moncton, N.B.	Ottawa, Ont.
Toronto, Ont.	Vancouver, B.C.	London, Ont.
Montreal, P.Q.	Winnipeg, Man.	Calgary, Alta.

(9) **Similarity in Post Office Names.**—The attention of Postmasters is called to the similarity in the names of the following Post Offices:—

Woodstock, N.B. Woodstock, Ont.
Corbin, B.C. Carlin, B.C.
Green Lake, Sask., Green Court, Alta., and Greenlawn, Alta.
Barrière, B.C., Barrier Lake, Sask., and Barrier, Ont.
Savary Island, B.C. Savory, B.C.
Queensville, Ont. Greensville, Ont.

Frequently mail addressed to one of these points is received at the wrong office for delivery, resulting in serious delay or possibly non-delivery. Postmasters are requested therefore to exercise particular care in the sortation of mail addressed to these points to overcome this difficulty.

(10) **Nursery Stock for United States.**—A number of parcels containing bulbs, roots, tubers, etc., have recently been returned by the United States as non-transmissible and Postmasters are requested to note that the transmission in the United States mails of nursery stock, which includes all plants for propagation or living plants including bulbs, roots, tubers, etc. (except cut flowers, field, vegetable and flower seeds), WITH THE EXCEPTION AS MENTIONED BELOW, is prohibited by United States laws and such matter must not be accepted for transmission from Canada to the United States.

Nursery stock may be accepted for transmission to the United States provided the importer in the United States first secures a permit and special mailing label from the Federal Horticultural Board, Washington, D.C., U.S.A. This mailing label and permit number should be sent to the shipper in Canada. The shipper should then communicate with the Secretary, Destructive Insect and Pest Act Advisory Board, Department of Agriculture, Ottawa, who will arrange for the necessary inspection of the shipment prior to posting.

Transmission is permitted of living plants ordered by or intended for and addressed to "Office of Foreign Seed and Plant Introduction, Department of Agriculture, Washington, D.C., U.S.A."

Cut flowers from Canada may be sent free of any restriction whatever by mail to the United States when free from sand, soil or earth, except chrysanthemums, asters, cosmos, zinnias, hollyhocks, gladiolus, and dahlias, from the province of Ontario, which must be accompanied by a certificate of inspection from the Canadian Department of Agriculture.

(11) Rate on Letters and Postcards from the Argentine Republic to Canada.—The Department has been advised by the International Bureau of the Universal Postal Union, Berne, that the rates of postage on letters from the country mentioned below, equivalent to 10 cents for the first weight and the dates on which they become effective are as follows:

	Letter Rate			
Country	1st weight	2nd weight	Postcards	Date
Argentine Republic	12 centavos per oz.		5 centavos	Now effective

Surcharges are to be collected according to Post Office markings. The above is to be inserted on page 8 of the March Supplement of the 1925 Postal Guide.

(12) Parcel Post for Poland—Warning—Information has reached the Department that heavy charges for Customs duty are charged in Poland on parcels from Canada containing worn clothing. As the addressees in many instances are unable to pay such charges, the parcels are returned to the senders in Canada who have to pay the accrued and return charges, which may amount to as much as $10.00 per parcel.

It is understood that "gift" packages sent by parcel post to Poland containing articles for relief purposes will not be admitted into Poland free of Customs duty, unless the addressee presents a "poverty certificate" which may be obtained from the district police office in which the addressee resides.

Postmasters will please give the above information to persons posting parcels addressed to Poland.

It is suggested that parcels containing worn clothing, food, etc., sent to destitute relatives in Poland be marked in Polish DAROWIZNA OD KANADY (Donations from Canada). This may be of assistanec to the addressee in obtaining a "poverty certificate." The sender should in every case endorse on the Customs Declaration the disposal of the parcel desired under Disposal Instructions of Sender, the alternative instructions not desired being scored out. To avoid being called upon to pay charges, senders should mark their parcels " To be abandoned in case of non-delivery."

(13) Parcel Post for Tanganyika Territory.—The parcel post service via England and Nyasaland to the provinces of Langenburg and Songea has been discontinued. The British post office advises that parcels for these provinces will in future be forwarded via Dar-es-Salaam.

The parcel post rates will be the same as for parcels to Dar-es-Salaam, which are as follows:

1 lb.....	$0.78	4 lbs.....	$1.53	8 lbs.....	$2.39
2 lbs.....	0.89	5 lbs.....	1.64	9 lbs.....	2.50
3 lbs.....	1.00	6 lbs.....	1.75	10 lbs.....	2.61
		7 lbs.....	1.86	11 lbs.....	2.72

(14) Alfred T. State, 668 Bloomfield Ave., Outremont, Montreal, P.Q.—With reference to the order in the Weekly Bulletin of May 16th, 1925, against the above address, Postmasters are informed that the illegal business carried on by this man has been discontinued and the order is, therefore, rescinded.

(15) Racing Tips—The Maryland Syndicate, 4233 York Road, Baltimore, Md.—Circulars offering racing tips for sale have been observed in the Canadian mails and as the supplying of racing tips is illegal in Canada, registered letters are not to be accepted for the above address, and all correspondence to or from this address should be returned to the senders marked "Suspected to be fraudulent, etc.," and if the sender's address is not known, sent specially by first mail to the General Superintendent of Postal Service, (for Inspection Division), Ottawa, and money orders are not to be made payable to this address.

(16) Fraud Order—Professor J. Tapp, 732 Ste. Catherine Street East, Montreal.—Correspondence mailed by the above has been observed in the mails and as it is considered that the business conducted by this man is of an illegal nature, registered letters are not to be accepted to this address, and all correspondence addressed to or coming from this address observed in the mails is to be sent specially by first mail to the General Superintendent of Postal Service (for Inspection Division) and money orders are not to be made payable to this address.

(17) Box 15084, Vaduz—Liechtenstein, (Near Switzerland)—The above is to be added to the list of addresses in connection with R. J. Duggan's Sweeps.

(18) Mr. John Ropell, Tegetthoffstr, 5, Hamburg 19, Germany.—The above address is to be added to the list of addresses connected with the Hamburg State Lottery.

Any Postmaster who does not receive a copy of the Monthly Supplement each month is requested to notify the Equipment and Supply Branch, Post Office Department, Ottawa.

INFORMATION FOR POSTMASTERS

(1) LETTER POSTAGE TO NORTH AMERICAN CONTINENT.

Postmasters are informed that from the first of September, 1925, the domestic letter rate of 3c. for the first ounce and 2c. additional for each subsequent ounce is in effect as regards letters mailed in Canada to any part of the North American continent.

This rate already applied to letters for the United States, Mexico and the British West Indies, and as already announced, also comes into effect as regards letters for Newfoundland from the first of September. With the further extension mentioned above, it applies from the first of September to the following additional countries:

Costa Rica, Cuba, Dominican Republic, Dutch West Indies (Aruba, Bonaire, Curacao, Saba, St. Eustatius, St. Martin), French West Indies (Martinique, Guadeloupe), Guatemala, Haiti, Honduras Republic, Nicaragua, Panama Republic, Salvador, and St. Pierre and Miquelon.

(2) NEW RATES OF POSTAGE TO PLACES OUTSIDE OF CANADA FROM 1ST OCTOBER, 1925

As a consequence of the Postal Convention adopted by the Universal Postal Union Congress held at Stockholm last year, the following changes in postage rates will come into effect on the 1st October, 1925.

Letters.—The rate on letters to places outside of Canada with the exception of places in the Empire (included in list commencing page 81 in the 1925 Postal Guide) and of places in the North American continent (to which the Canadian domestic rate applies) will be 8 cents for each letter weighing one ounce or less. On letters weighing more than one ounce, the rate will be 8 cents for the first ounce, and 4 cents for each subsequent ounce or fraction of an ounce.

Postmasters will please amend section 287, page 60; section 295, page 61, and table and list commencing page 80 in the 1925 postal guide accordingly.

Postcards.—The rate on post cards to places outside of Canada with the exception of places in the Empire, and places in the North American continint will be 4 cents for a single card or for each half of a reply card.

Postmasters will please amend section 303, page 62; and page 80 in the 1925 postal guide accordingly.

Literature for the Blind.—The rate on literature for the special use of the blind to places outside of Canada, with the exception of places in the United States, Mexico and Newfoundland (to which places literature for the blind is free of postage) will be 1 cent for a packet not exceeding 2 pounds or fraction of 2 pounds.

Postmasters will please amend the second paragraph of section 311, page 64, in the 1925 postal guide accordingly.

Commercial Papers.—The rate on commercial papers to places outside of Canada will be 8 cents for a packet not exceeding 8 ounces in weight and 2 cents for every 2 ounces or fraction of 2 ounces thereafter.

Postmasters will please amend sections 323 and 325, page 66, section 374, page 73, and table on page 80 in the 1925 postal guide accordingly.

Reply Coupons.—Coupons exchangeable for a postage stamp or stamps representing the postage on a single rate letter from any other country to Canada can be purchased at any Post Office at the price of 9 cents each for the purpose of prepaying replies to letters.

Postmasters will please substitute the above for the first paragraph of section 301, and amend section 302, page 62, in the 1925 postal guide accordingly.

Postmasters will please see that the new rates become effective on and from the 1st October, next.

(3) **Changes in International Regulations from 1st October, 1925.**—Postmasters are informed that in conformity with postal changes adopted by the Universal Postal Union Congress held at Stockholm last year, the following postal changes affecting matter posted in Canada will become effective on the 1st October, 1925.

POSTCARDS

The 2 cent bi-lingual official postcard with 2 cents additional postage should be used for international purposes or a card of private manufacture bearing 4 cents postage may be used.

Postmasters will please amend section 303, page 62, in the 1925 postal guide accordingly.

PRINTED MATTER

Full prepayment is compulsory for printed matter to places outside of Canada with the exception of the United States and Mexico.

Such matter, if unpaid or shortpaid, will not be forwarded.

Postmasters will please amend section 311, page 63, in the 1925 postal guide accordingly.

LITERATURE FOR THE BLIND

Full prepayment is compulsory for literature intended for the special use of the blind to places outside of Canada, with the exception of the United States, Mexico and Newfoundland, (to which places literature for the blind is free of postage).

Such matter, if unpaid or shortpaid, will not be forwarded.

Postmasters will please amend the last paragraph of section 311, page 64, in the 1925 postal guide accordingly.

COMMERCIAL PAPERS

Full prepayment is compulsory for matter prepaid at commercial papers rate.

Such matter, if unpaid or shortpaid, will not be forwarded.

Postmasters will please amend section 323, page 66, in the 1925 postal guide accordingly.

SAMPLES

Full prepayment is compulsory for samples to places outside of Canada, with the exception of the United States andMexico.

Such matter, if unpaid or shortpaid, will not be forwarded.

The limits of size for sample packets to places within or outside of Canada are as follows:

18 inches by 8 inches by 4 inches or if in the form of a roll, 18 inches in length by 6 inches in diameter.

Postmasters will please amend section 96, page 22, the last paragraph of section 326, page 66, and section 332, page 67, in the 1925 postal guide accordingly.

POSTMASTERS WILL PLEASE SEE THAT THE NEW REGULATIONS ARE ENFORCED ON AND AFTER THE 1ST OCTOBER, 1925.

(4) **International Reply Coupons.**—A new 40 centime international reply coupon which was authorized by the Stockholm Postal Union Convention last year will come into use on the 1st October next, to be sold to the public from that date at the rate of 9 cents per coupon. A supply of these coupons is on hand in the Department now, and they can be obtained by postmasters upon requisition in the usual way. Similar reply coupons of other countries when presented by the public for payment are to be exchanged for Canadian stamps to the value of 8 cents, this being the international postage required on a one-ounce letter addressed to a foreign country after 1st October, 1925.

On the introduction of the new 40 centime coupon, the present 25 centime coupons are no longer to be sold to the public, and postmasters are to return to the Department (addressed to the Postage Stamp Division of the Financial Branch) all unsold 25 centime coupons they have on hand on the 30th September, 1925. The value of the coupons returned, calculated at the rate of 6 cents per coupon, should be entered at Item 22D in the Cash Account of the 30th September, 1925.

Any 25 centime reply coupons which may be presented by the public for payment after the 1st October, 1925, are to be exchanged for Canadian postage stamps to the value of 4 cents only, instead of 5 cents as at present, up to the 31st March, 1926, and after this latter date they are not to be accepted for payment at all.

The 50 centime international reply coupons authorized by the Madrid Postal Convention, which are also in international circulation and which are at present exchanged for Canadian postage stamps to the value of 10 cents per coupon, will after the 1st October next, have a value of only 8 cents per coupon, instead of 10 cents.

(5) **Postal Union Post Cards.**—As the international rate of postage for Postal Union Post Cards will be reduced from 6 cents to 4 cents on the 1st of October, 1925, it will be necessary for Postmasters to return to the Department (addressed to the Postage Stamp Division of the Financial Branch) all Postal Union post cards in their possession on 30th September, 1925. An entry covering the value of the cards returned, calculated at the rate of 6 cents per card, should appear at Item 22D in the Cash Account of 30th September.

A special 4 cent post card for international use will not be issued. The 2 cent bilingual post card, with 2 cents additional postage affixed to it, should be used for this purpose, or a card of private manufacture bearing 4 cents postage may be used.

(6) **Postage Paid in Cash Extended to Parcel Post.**—Postmasters are informed that in order to facilitate the handling and despatch of parcels posted at the larger centres where extensive mailings are made, for delivery at places within the Dominion of Canada or in the United States, the Postage-Paid-in-Cash system has been extended to parcel post.

Each parcel mailed under the Postage-Paid-in-Cash system will have affixed to it, at the upper right hand corner of the address, where stamps are usually placed, an impression in red showing the amount of postage paid, thus:

CANADA
POSTAGE
PAID

$ .79

No. 100

19 July–5

As the postage, including the insurance fee or C.O.D. fee, as the case may be, on such a parcel will have been prepaid in cash, the parcel is to be forwarded and delivered free of charge, except that in the case of a C.O.D. parcel the C.O.D. collection (including money order fee) is to be made as usual, in accordance with the entries on the tag.

(7) **Letter Postage to Newfoundland from 1st September.**—Postmasters are informed that the rate of postage on letters to Newfoundland has been fixed at 3 cents for the first ounce and 2 cents for each subsequent ounce or fraction thereof, effective from the 1st September, 1925.

(8) **Yukon Mails—Winter Service.**—During the season of closed navigation on the Yukon River, which extends approximately from the 1st of October to the 31st May, parcel post to the Yukon will be suspended except for the Post Offices of Champagne, Carcross and White Horse.

Postmasters will be careful to see that on and after the 22nd September, matter prepaid at parcel post rates is not accepted at their offices addressed to places in the Yukon other than Champagne, Carcross and White Horse.

Matter prepaid at parcel post rates intended for other points in the Yukon may be ADDRESSED TO WHITE HORSE, and the addressees may make arrangements with the Transportation Company, operating between White Horse and Dawson to convey the parcels from White Horse to destination.

POSTMASTERS WILL PLEASE GIVE THIS EVERY PUBLICITY THROUGH THE PRESS AND OTHERWISE.

(9) **Insurance of Parcel Post for Grenada.**—Postmasters are informed that parcel post posted in Canada for transmission by the direct parcel post route to Grenada may now be accepted for insurance under the same terms and conditions as apply to parcels posted for delivery within Canada, with the exception that the 3 cent and 6 cent fees do not apply for Grenada, so that the scale of insurance fees will be as follows:

12 cents for insurance not exceeding $50.00.
30 cents for insurance exceeding $50.00, but not exceeding $100.

(10) **Insurance of Parcel Post for China.**—Postmasters are informed that parcel post posted in Canada for transmission by the direct parcel post route to China may now be accepted for insurance under the same terms and conditions as apply to parcels posted for delivery within Canada, with the exception that the 3 cent and 6 cent fees do not apply for China, so that the scale of insurance fees will be as follows:

12 cents for insurance not exceeding $50.00.
30 cents for insurance exceeding $50, but not exceeding $100.

(11) **Toronto Divided into Postal Districts.**—For the purpose of expediting the sortation and delivery of letters and other mail addressed to Toronto, the City of Toronto has been divided into Postal Districts along somewhat the same lines as has obtained in London, England, and large Continental cities for many years.

There are ten Postal Districts—Nos. 2, 3, 4, 5, 6, 8, 9, 10, 12 and 13.

Toronto residents and business concerns will notify correspondents of the number of the Postal District in which they are located.

The Postmaster General asks that the public assist in making the new system a success by always placing the Postal District number immediately after the word "Toronto" in the address. Thus a letter for delivery in Postal District No. 2 would be addressed:—

MR. JOHN SMITH,
196 College Street,
Toronto, 2,
Ont.

If intended for delivery in District No. 3 the address would be "Toronto, 3". District No. 4 would be indicated by "Toronto, 4", and so on.

It is MOST IMPORTANT, however, that the full street address be given in every instance. Otherwise delayed delivery or perhaps non-delivery will result.

Postmasters are requested to bring this matter to the attention of patrons of their offices posting letters and other articles of mail to Toronto whenever possible. Also when persons make enquiry in respect thereto, the correct manner of indicating the Postal District on letters and other correspondence for Toronto should be carefully explained to them by the Postmaster or his assistants.

The co-operation of all Postmasters and persons employed in postal work is requested.

(12) **Notice to Postmasters of Accounting Post Offices.**—In view of the payments to forged endorsements of post office money orders and post office savings bank cheques which have recently taken place, the Postal Service Branch wish to particularly draw the attention of Postmasters to the necessity for insisting upon proper identification.

The greatest possible care should be exercised to positively determine that individuals presenting post office money orders or claiming post office savings bank withdrawal cheques are the proper persons to whom the orders should be paid or the cheques delivered.

No payment of money orders or delivery of savings bank cheques should be made or savings bank cheques cashed unless the applicants are known to the Postmaster or his staff, or can be identified by some credible person fully known to them.

Before accepting an identification by another person, it should be ascertained how long the individual establishing the identification has actually known the applicant.

The Department cannot too strongly stress the importance of Postmasters and employees under their charge taking the utmost precautions in this respect, and Postmasters are warned that in cases of laxity they will be called upon to make good any losses which may occur.

(13) **Treatment of Undeliverable Newspapers or Periodicals Mailed from Offices of Publication in United States addressed to Canada.**—Postmasters are informed that section 367 of the 1925 Postal Guide has been amended to read as follows:—

367. When newspapers or periodicals published and posted in the United States remain uncalled for in Canada for four weeks, or are refused, the publishers shall be notified once on form 67B (which form passes free of postage), giving the reason of non-delivery and quoting all letters and numbers which may appear on the address label or wrapper, as well as the name and the street address of the person the paper or periodical is intended for. The form shall then be carefully date stamped. The copies of the paper shall be destroyed in accordance with the regulations governing dead and undelivered matter (sec. 193, page 47), but copies received five weeks after the mailing of the notice to the publisher, and in no instance until two successive issues thereof have been published, shall be legibly date stamped and marked with the reason of non-delivery and then charged with postage at the rate of 1 cent per 2 oz. or fraction thereof and separately returned to the publisher.

(14) **Booklet of Postal Information used in Hotels.**—Recently a request was received from the Manager of a Western Hotel asking for a number of copies of the Booklet of Postal Information to be placed in the rooms of the hotel for the guidance of guests. Possibly other hotels would be glad to place these booklets in their rooms and as it is undoubtedly a good way to educate the travelling public as to the proper rates of postage and the correct preparation of mail, it is recommended that postmasters approach hotel managers with this suggestion and obtain from the Equipment and Supply Branch, Ottawa, a sufficient number of booklets to supply every room.

(15) **Use of Blue "Perishable" Label.**—The attention of Postmasters and postal employees generally is invited to the instructions which appear on the blue "Perishable" label, to the effect that in addition to attaching this gummed label to parcels containing perishable articles such as meat, fish, butter, fruit, etc., a blue "Perishable" label is also to be affixed to the back of the "Fragile" tag (P.P. 3) which is fastened to a mail sack when same contains fragile parcels which are also of a perishable nature.

In future the blue "Perishable" label is to be affixed to the "Fragile" tag in such a manner as to slightly lap over onto the face of the tag, in order that there can be no possibility of it being unobserved.

(16) **First Class Matter Inadvertently Accepted for Insurance should be treated as Registered Mail.**—Cases have been reported of articles of first class matter having been inadvertently accepted for insurance. Postmasters noticing any such articles passing through their offices should pick up registration and endorse the amount of the deficiency only on the cover, so that this amount may be collected on delivery.

(17) **C.O.D. Remittances must be made promptly.**—Postmasters are reminded of the importance of promptly remitting C.O.D. charges. At accounting offices, just as soon as collection has been made, a Money Order for the amount due the sender should be issued and despatched direct to the sender in envelope No. 30½. The Money Order and the envelope should be impressed with the C.O.D. stamp and given the same number as the C.O.D. article for which collection was made.

At non-accounting offices, just as soon as collection has been made the amount to be remitted should be placed in registered envelope No. 44 and sent direct to the Postmaster at the office of mailing. The remittance must be made by means of cash, and stamps. Postal Notes, etc., must not be used for this purpose. The C.O.D. collections must not be allowed to accumulate, but should be remitted promptly.

Prompt action and careful attention to these details will do much to popularize the service.

(18) **Use of Official Registered Envelope No. 44.**—Envelope No. 44 can be used for two purposes, i.e., forwarding money for postage stamp supplies and transmitting C.O.D. remittances.

Postmasters at non-accounting offices are requested to have care taken when forwarding C.O.D. remittances to see that the words "Postage stamps" at the bottom of the face of the envelope are crossed out. Similarly, when the envelope is used to remit money for postage stamps, the words "C.O.D. remittance" should be crossed out.

Postmasters will please see that this practice is carefully followed out when using envelope No. 44.

(19) **C.O.D. Tags should be Legibly Filled in.**—It has been reported that difficulty is frequently experienced in deciphering the particulars on C.O.D. tags, and postmasters are, therefore, requested to use ink when making the entries on the tags, as pencil markings are easily rubbed out.

The suggestion has been made that the C.O.D. amount be written on the tag in words instead of figures. Care should be taken to see that every tag is carefully and legibly filled in.

(20) **Yellow C.O.D. Labels must be affixed to all C.O.D. parcels.**—An increasing number of instances have been observed recently where C.O.D. parcels have been accepted by Postmasters and forwarded without the regulation yellow C.O.D. sticker affixed. In the event of the C.O.D. tag becoming detached during transmission such a parcel would be delivered as ordinary mail without the collection of the C.O.D. charges.

Postmasters are, therefore, requested to see that every C.O.D. parcel posted at their office bears one of the stickers before being despatched. A supply of these stickers may be obtained on requisition in the usual way.

(21) **C.O.D. Remittances to include only the Amount due the Sender.**—Postmasters are reminded that the amount remitted to the sender of a C.O.D. article is not to include the money order fee. This money order fee, which is collected from the addressee in addition to the amount due the sender, is to be retained by the Post Office as commission for the money order which is issued to the sender.

(22) **Re Proper Cancellation of Postage Stamps.**—Re proper cancelling of postage stamps, postmasters are warned checks will be kept with a view to ascertaining whether post offices are properly performing this important duty.

In order to obtain proper cancellation results, the following points should be observed:

Keep all stamping pads well inked.
Shake the ink thoroughly before placing the ink on the pad.
Rub the ink well with the wooden " Muller."
Do not allow stamping pads to become too much worn to properly hold the ink.
Make requisition for new stamping pads before the old ones are too much worn.
Place mail on rubber pad before cancelling.
Use stamp canceller in every case.

(23) **Similarity in Post Office Names.**—The attention of Postmasters is called to the similarity in the names of the following Post Offices:—

Barriere, B.C.	Barrier Lake, Sask. and Barrier, Ont.
Savary Island, B.C.	Savory, B.C.
Queensville, Ont.	Greensville, Ont.
Hilton, Man.	Hilltop, Man.
Hulton, Man.	Hilbre, Man.

"Articles such as cheap watches in nickel cases sent in for repair or returned after having been repaired, and other cheap articles mailed in quantity, also articles of jewellery having a value not over $5.00 when put up in parcels having a minimum size of 6" x 6", having plain wrappers or stickers bearing only the number and name of street of the senders may be accepted for insurance.

(7) C.O.D. Regulations.—Attention is called from time to time to different irregularities in connection with the C.O.D. service, which would indicate that Postmasters are not thoroughly familiar with the instructions in the C.O.D. pamphlet. The pamphlets may be obtained upon requisition in the usual way, and any Postmaster who has not a copy on hand, should immediately obtain one, and familiarize himself with the regulations.

In particular, it has been observed that C.O.D. parcels are frequently held unduly at the office of destination, and in other cases, the parcels have been delivered without the collection of the C.O.D. charges.

Postmasters are therefore reminded that C.O.D. articles are not to be held an unreasonably long time, say over fifteen days, unless the written authority of the sender of the parcel is received, and under no circumstances is a C.O.D. article to be delivered to the addressee until the charges due have been collected.

(8) **Notice to Postmasters of distributing offices for rural routes.**—It has been brought to the attention of the Department that in certain instances Rural Mail Couriers have accepted handbills, notice of meetings, etc., for distribution direct from the advertisers or agents, these items bearing no postage.

Postmasters of distributing offices for Rural Routes are accordingly to warn Rural Mail Couriers that it is a violation of Postal regulations to accept for distribution any matter not mailed in the regular way, and which does not comply with regulations in regard to postage.

(9) **Perishable articles to be kept from heat.**—The attention of the service is called to the fact that now that the cool weather is commencing, post offices and railway mail cars will be heated, and care should be taken to see that perishable articles or bags bearing fragile labels are not placed near the heating apparatus.

(10) **Similarity in Post Office Names.**—The attention of Postmasters is called to the similarity in the names of the following Post Offices:—

Rumsey, Alta. Rimbey, Alta.
Adanac, Sask. Advance, Ont.

Frequently mail addressed to one of these points is received at the wrong office for delivery, resulting in serious delay or possibly non-delivery. Postmasters are requested therefore to exercise particular care in the sortation of mail addressed to these points to overcome this difficulty.

(11) **Racing Tips.**—The Referee Publishing Company, 61 Adelaide St. E., Toronto, Ont.

With reference to the order in the May supplement in connection with the Referee Publishing Company, 151-157 North Michigan Ave., Chicago, Ill., mail matter intended for this concern is being received addressed to the Referee Publishing Company, 61 Adelaide Street East, and the above address is therefore, to be included in the order.

(12) **Lottery.**—Miss I. Kunze, Copenhagen V., Postbox 731, Denmark.

With reference to the notice in the July Supplement, advising that the above address had been listed in connection with the Danish Colonial Lottery, Postmasters are informed that circulars mailed by the above have been observed in the mails enclosed in mauve coloured envelopes, 3½" x 5⅞", bearing the postmark "Hamburg," Germany.

Apparently the letters are being mailed at Hamburg with a view to evading the Order, and Postmasters are informed that any mail matter from this address is to be treated in accordance with the requirements of the Order.

(13) **Fraud Order.**—Standard Accessories, International Tractors, Tracto Motives Accessories, Tractor Supplies Limited, Tractor Sales Company, Winnipeg, Man. The International Producing and Refining Company, Montreal, P.Q. and Drumright, Oklahoma, U.S.A.

As the above concerns are not at present allowed the use of the mails in Canada, registered letters are not to be accepted for these addresses and all correspondence to or from these addresses should be returned to the senders if known, marked "Mail for this address prohibited," or if the senders' address is not known, sent specially by first mail to the General Superintendent of Postal Service (For Inspection Division), Post Office Department, Ottawa. Money orders are not to be made payable to these addresses.

(14) **Fraud Order**—The Bien-Etre Scientifique, Lawrenceville, P.Q.

With reference to the fraud order in the July Supplement against Ph. Dubois, Méta-Psychologiste, La Patrie, Comté Compton, P.Q., Postmasters are informed that this man is now operating his business at Lawrenceville, P.Q., under the title The Bien-Etre Scientifique, and mail matter for this new address should, therefore, be treated in accordance with the fraud order.

(15) **Fraud Order.**—Silver Star Competition, Palace Chambers, Westminster, London, S.W.

Lottery Tickets mailed by the above have been observed in the mails, and as lotteries are illegal in Canada, registered letters are not to be accepted for the above address and all correspondence addressed to or coming from the above address observed in the mails is to be returned to the senders if known, marked "Mail for this address prohibited," or if the sender is not known sent specially by first mail to the General Superintendent of Postal Service for Inspection Division, Ottawa.

Money Orders are not to be made payable to this address.

(16) **Mail prohibited to**—The Crystal Chemical Company, Crystal Building, 263 St. Antoine St., Montreal.

As the above concern is not at present allowed the use of the mails in Canada, registered letters are not to be accepted for this address and all correspondence to or from this address should be returned to the senders if known, marked "Mail for this address prohibited," or if the senders address is not known, sent specially by first mail to the General Superintendent of Postal Service (For Inspection Division,) Post Office Department, Ottawa. Money Orders are not to be made payable to this address.

(17) **Lottery.**—Empire Emigration and Touring Association Michael T. Dennis, 11 Harleyford Road, Kennington, London, S.E. 11, England.

Correspondence mailed by the above has been observed in the mails and as lotteries are illegal in Canada, registered letters are not to be accepted to these addresses, and all correspondence addressed to or coming from these addresses observed in the mails is to be sent specially by first mail to the General Superintendent of Postal Service (for Inspection Division) and money orders are not to be made payable to these addresses.

(18) **Lottery.**—Knud Holstein, 33, Kobmagergade, Postbox 140, Copenhagen K.

The above address is to be listed in connection with the Danish Colonial Lottery.

Any Postmaster who does not receive a copy of the Monthly Supplement each month is requested to notify the Equipment and Supply Branch, Post Office Department, Ottawa.

should be sent to the Quebec Post Office to be forwarded via Betsiamites and the dog-teams which perform the mail services along the coast TEN TIMES during the winter, starting from Betsiamites on the 7th and 21st December, 1925, 4th and 18th January, 8th and 22nd February, 8th and 22nd March, 4th and 14th April, 1926, respectively.

On and after 1st December, matter for that part of the far Labrador Coast, on which Newfoundland maintains post offices, should likewise be sent by this route.

(2) **"Fragile" Articles in Insured Parcels.**—In view of the approaching Christmas Season with its great increase in the number of parcels posted and claims made for damage to contents, Postmasters are requested to give the packing and protection of "Fragile" articles their most careful attention.

When a parcel is being posted, enquiry should be made regarding nature of contents and the method of packing. If the contents are of a nature easily damaged and the packing is considered inadequate the sender is to be informed that the parcel will be insured against loss only and it is to be so endorsed.

"Fragile" stickers and bags are to be made use of when necessary.

The attention of the Inspection Division has recently been directed to several parcels containing silver candle sticks which, being of slight construction and inadequately packed, were damaged. Postmasters are informed that articles of a similar nature or construction or any article easily damaged should be wrapped in cotton or some shock absorbing material, then placed in a strong container sufficiently large to permit the necessary amount of protecting material.

Shoe and similar boxes, which are frequently used are not sufficiently strong to afford the required protection.

It is to be specially noted that while the onus of preparing a parcel rests with the sender, it is the duty of a Postmaster to ascertain if a parcel is put up in accordance with the regulations. If this very important duty be neglected and the Department is consequently called upon to pay indemnity, the Postmaster will be required to pay a portion if not the full amount of the claim.

If Postmasters and postal employees will keep this matter in mind, the result will be beneficial to both the public and the Post Office. The former will receive their parcels in good condition and the Post Office will have fewer claims to pay.

(3) **Use of Small Cards or Envelopes to be discouraged.**—Attention has been drawn from time to time, through the Bulletin, to the great number of small cards and envelopes that are mailed during the various holiday seasons, especially during Christmas, causing considerable annoyance to the public as well as to the Post Office.

As has already been pointed out, small cards or envelopes are difficult to sort, and are readily lost.

Postmasters are requested to bring this important matter before the public in every possible way, and urge them to discontinue the purchase of envelopes and cards smaller than size 3" x 4". It should be pointed out that as a result of the small size of the cards or envelopes the Post Office cancellation mark frequently falls on the address, partially obliterating it, with the possibility that the article may be misdelivered or at least delayed. Emphasis should also be laid on the fact that there is a greater possibility of loss, as such cards or envelopes are apt to fall out of bundles in which they are tied.

This should be taken up at once.

(4) **Early Mailing of Christmas Parcels.** With a view to having the public mail their Christmas parcels early it is suggested that Postmasters have lantern slides prepared reading:—

"Mail your Christmas Gifts early and save
disappointment to sender and receiver."

and that these be given to the local picture theatres to display at each performance. It is believed that theatres will be willing to co-operate in this way and good results should follow if prompt action is taken.

(5) **Books posted to the Yukon during the winter season.**—The Postmaster at Dawson, Yukon, reports that he has received several complaints that Postmasters are refusing to accept book packets addressed to Dawson, because the winter mail service is now in operation.

Postmasters are requested to note that books may be accepted for transmission to the Yukon during the winter service.

(6) **Aerial Mail Service to Rouyn, P.Q., discontinued.**—Postmasters are advised that the special Air Mail Service undertaken by the Northern Air Service Limited, between Haileybury, Ont. and the Rouyn gold fields has been discontinued for the winter months.

(7) **Safeguarding of Mails and Post Office Funds.**—Now that the winter season is at hand with the usual stormy weather and frequent changes of temperature which so greatly increase the risk of fire, the attention of Postmasters is specially directed to the necessity of increased precautions being taken in the safeguarding of mails, Post Office funds and values.

In cases where there is not sufficient accomodation in the Post Office to properly protect valuables, especially stamps, Postal Notes, registered articles, cash, etc., such items must be removed to the Postmaster's private quarters for safekeeping. At other points Postmasters must see that adequate precautionary measures have been taken before leaving the office.

The attention of Postmasters is again drawn to the fact that surplus cash must be promptly remitted to the Bank. Postmasters will be held strictly responsible where any loss can, in any way, be considered as due to neglect in remitting surplus cash.

(8) **Postage Stamps attached to Postal Notes.**—As considerable numbers of paid Postal Notes reach the Department with Postage Stamps attached in such manner as to partially cover the numbers printed in the upper right hand corners of the Notes, Postmasters are informed that this practice materially slows down the machine system of auditing and sorting in the Department, because the Stamps require to be removed before the numbers can be read and perforated in the cards used in the tabulating machines. Postage Stamps should be attached lengthwise to the upper central portion of Postal Notes in such manner as to cover a portion of the words "Not Negotiable" and "Canadian Postal Note." The numbers printed in the upper right hand corners must not be covered. This information should be communicated to the purchasers of Postal Notes.

(9) **Mail for Conventions or Meetings of Public Bodies.**—The Post Office Department undertakes to give effective service to conventions or meetings of Public Bodies at any place in Canada. For this purpose the General Superintendent of Postal Service, Ottawa, should be communicated with prior to the issuance of notification for the convention, so that arrangements can be made to have mail so addressed that it will be expeditiously delivered to the delegates.

Mail for conventions, etc., has in the past been the cause of disappointments and delays, due to the insufficient and incorrect addresses.

The Department, invites communications on the subject, and Postmasters are requested to bring the above to the special attention of organizations about to hold conventions.

(10) **Insured Parcel Post with Other Countries.**—Postmasters are reminded that the Insurance System is now in effect with China, Great Britain (including Northern Ireland), Germany, Grenada, Holland, Irish Free State, New Zealand, St. Vincent and the United States, and the public, on every opportunity, should be invited to take advantage of the protection afforded.

Great care should be taken, when a parcel is being posted, to see that it contains nothing prohibited under the Insurance or International Regulations, as published on page 30, also pages 81 to 211 of the Postal Guide. The packing of the parcel should be the subject of special attention in view of the distance it must be carried before destination is reached.

The Customs Declaration should be carefully scrutinized to make certain the required information has been entered in order to avoid delay.

A little extra care and attention on the part of the Postmasters will prevent undue delays in the despatch of overseas parcels.

(11) **Shake Cancelling Ink well before applying to Pad.**—The Equipment and Supply Branch advise that several complaints have been received from the smaller Post Offices regarding the quality of the cancelling ink supplied by the depots and distributing centres.

Upon communicating with the Postmasters of the various depots and distributing centres in connection with this matter, replies have been received to the effect that the trouble is not with the cancelling ink, but is due to the failure of the Postmasters to shake the contents well before applying the ink to the pads, as it has been found, on the return of the tins to the depots and distributing centres for refilling, that half an inch of sediment is in the bottom of the tins returned from some offices.

In view of the above, Postmasters are requested to exercise the greatest care in the use of this ink, i.e., to see that the contents are thoroughly mixed before being applied to the pads.

(12) **Mail Bags to be immediately returned to Depositories.**—The Equipment and Supply Branch advise that heavy demands are being made on the depositories for all classes of mail bags, and all officers concerned are accordingly requested to see that every available mail bag, whether fit for stock or repair, is immediately forwarded to the nearest depository.

These depositories are located as follows:

Toronto,	Montreal,
Winnipeg,	Vancouver,
Ottawa,	St. John, N.B.
London, Ont.	Calgary, Alberta.

It is requested that this procedure be followed up daily.

(13) **Increase in Post Office C.O.D.—**

September, 1923	43,170	C.O.D.	Articles
" 1924	66,000	"	"
" 1925	83,861	"	"

An increase of 94% in two years.

(14) **Mail Matter addressed to Shawnigan Lake, B.C.**—Postmasters are informed that a considerable amount of mail for Shawinigan, P.Q., and Shawinigan Falls, P.Q., is being sent to Shawnigan Lake, B.C., and vice versa.

Postmasters are requested, therefore, to exercise particular care in the sortation of mail addressd to these points as this mis-sending often results in serious delay or possibly non-delivery.

(15) Notice for Postmasters in Province of Ontario.—Permit required for Despatch of Raw Furs outside of Province.—Postmasters are reminded that in accordance with Section 11B of the Ontario Game and Fisheries Act, 1924, any raw or undressed skins or pelts of beaver, bear, fisher, fox, lynx, marten, mink, muskrat, otter, raccoon, skunk, weasel, or wolverine for transmission to any point outside of the Province must be accompanied by a permit issued by the Ontario Department of Game and Fisheries, and parcels offered for conveyance by post, unaccompanied by such permits, should not be accepted at Post Offices in Ontario.

A notation should be made on such parcels containing raw furs, furnishing the number of the export permit produced when accepted, and the permit should then be stamped at the foot with the office date stamp and signed by the Postmaster, and folded and mailed to the address printed on the back thereof, namely, the Deputy Minister of Game and Fisheries, Toronto.

To provide for postage required for return of permits as above a one cent postage stamp will be attached to each permit when issued by the Department of Game and Fisheries, Toronto.

(16) Undeliverable Parcels received from Cuba.—Postmasters are informed that the regulations appearing at Section 402, page 78 of the Postal Guide for 1925 in regard to the disposal of undeliverable parcels exchanged with Great Britain and certain other countries are, in future, to apply to parcels sent to and received from Cuba.

(17) Postage Rate on Newspapers to Australia two cents for two ounces.—The District Superintendent of Postal Service at Vancouver reports that the Dead Letter Office, Vancouver, is being flooded with newspapers from all parts of Canada addressed to Australia which, under international postal law, cannot be forwarded because they are shortpaid.

Postmasters are requested to note that the rate of postage on newspapers for Australia is 2 cents for each 2 ounces or fraction thereof.

(18) Hong Kong not included in Parcel Post Insurance Service to China.—Postmasters are requested to note that parcel post parcels from Canada for Hong Kong are not to be insured under the arrangements introduced on the 1st September, 1925, for the exchange of insured parcels between Canada and China.

(19) Parcel Post Rates to Other Countries.—A Table of Parcel Post Rates from Canada to Other Countries is given below. These rates have been revised to date

INFORMATION FOR POSTMASTERS

(1) Parcel Post weight limit for the United States—15 lbs.—Postmasters are informed that the limit of weight for parcel post exchanged between Canada and the United States will be 15 pounds from the 1st January, 1926.

The rates of postage applicable to parcels posted in Canada for delivery in the United States will be:—

1 lb.	$ 0·14	6 lbs.	$ 0·84	11 lbs.	$ 1·54
2 lbs.	0·28	7 "	0·98	12 "	1·68
3 "	0·42	8 "	1·12	13 "	1·82
4 "	0·56	9 "	1·26	14 "	1·96
5 "	0·70	10 "	1·40	15 "	2·10

The maximum charge on any parcel up to 8 ounces shall not exceed 1c. an ounce.

(2) Transmission of Day-Old Chicks by Parcel Post.—Postmasters are informed that the service for the transmission of day-old chicks by Parcel Post in Canada will be renewed this year.

Live day-old chicks may be accepted from the 1st April to June 15th, except in British Columbia, where the mailing period will be from March 15th to May 31st, at the risk of the sender, for transmission at Parcel Post Rates to places within Canada and the United States, provided the package in which they are contained is properly prepared and that delivery can be made to the addressee within 36 hours from the time of posting.

Day-old chicks must not be accepted for transmission if baggage car service, "catch-post" service, or service by water route is necessary—this does not include short water routes which are virtually ferry services. Shippers should consult the District Superintendent of Postal Service for information as to places to which the day-old chicks may be sent.

Parcels containing day-old chicks may not be insured.

Shipments of day-old chicks are to be transported outside of mail bags. It is recommended that the shipper affix a legibly written or printed notice to each such package, giving the following instructions, which postal employees are to carefully observe:—

"Day-old chicks.
This side up.
Handle with special care.
Do not give food or drink to the chicks while in transit.
Despatch as quickly as possible and deliver to addressee promptly upon arrival at office of destination.
Do not place package in mail bag or cover with other mail matter.
Do not place near hot pipes, stoves or radiators or expose to cold winds or hot sun.
As far as possible protect them from all extremes of heat or cold."

(3) **Outside Mail.**—Postmasters are informed that any articles within the limit of weight of Parcel Post which are too large to be enclosed in mail sacks, are not to be accepted for onward transmission.

It has come to the attention of the Department that owing to the recent changes in the rates of postage and limit of weights of Parcel Post, large articles such as automobile tires, stove-piping, etc., too large to be enclosed in mail sacks, have been despatched by some Post Offices as Outside Mail.

Exceptions are, of course, made in the case of live bees, day-old chicks and such other articles as have already been specially authorized as "Outside Mail."

Will postmasters see that this regulation is carefully and properly carried out.

(4) **Registered Letter Indemnity.**—As indemnity is now being paid for the loss of, damage to, or abstraction from a registered article posted in Canada addressed to a Post Office in Canada, increased precaution is necessary on the part of the postal official who accepts registered articles for mailing.

It will be noted that the articles prohibited under insurance can be registered in order to obtain protection. Consequently the receiving official must satisfy himself that the contents, which frequently consist of articles easily damaged, are properly packed.

When a registered article is noted to be damaged, it should be suitably endorsed and repaired; also, if possible, the contents should be examined in the presence of another official and, if necessary, a report made to the proper official. When a claim is made for damage or abstraction, the article must be obtained for enquiry purposes in as nearly as possible the condition in which it was delivered.

If the required exhibits are not submitted, the Department refuses to accept responsibility in the matter.

Postmasters and wicket clerks are urged to exercise the utmost care in this matter in order that claims for indemnity may be kept at a minimum.

(5) **Prompt handling of C.O.D. Articles.**—Postmasters are reminded that C.O.D. articles are to be promptly delivered and must not be unduly held unless so instructed by the senders.

If the addressee is unable to pay the charges on the goods ordered, he is to be informed they will be held no longer than 15 days.

C.O.D. collections must be forwarded at the first opportunity and must on no account be unduly detained. Delay in forwarding a C.O.D. collection is a serious offence and under certain conditions would render the postmaster liable to indictment.

(6) **Notice to Postmasters in the Province of Alberta.**—A Permit is required for shipments of pelts of wild animals out of the Province. In accordance with the Alberta Game Act and Regulations framed thereunder pelts of fur producing animals cannot be shipped to places outside the Province, unless each parcel has a Declaration Tag attached thereto and an Export Permit has been handed to the Postmaster. The number of skins as set forth on such Permit should correspond with those enumerated on the Declaration Tag.

When packages of pelts of fur producing animals are offered for conveyance by post to a point outside the Province of Alberta, Postmasters must not accept them unless Declaration Tags are attached to each parcel and an Export Permit is delivered to the Postmaster.

(7) **Increase in Post Office C.O.D.**

November, 1923	51,236	C.O.D. articles.
" 1924	67,988	"
" 1925	91,981	"

POST OFFICE C.O.D. GIVES SATISFACTION.

(8) **Letter Carrier Delivery at Cornwall, Ont.**—Postmasters are requested to note that as Letter Carrier Delivery is now in operation at Cornwall, Ontario, this post office should be added to the list given under Section 13, page 8 of the 1926 Postal Guide, of places where letters prepaid with the necessary fee may be delivered by special messenger.

(9) Similarity in Post Office Names.—The attention of Postmasters is called to the similarity in the names of the following Post Offices.

Beeton, Belton, Hilton, Milton, Wilton, Malton, Walton, Alton, Ayton, Dayton, Drayton, Oro Station, Oso Station. Silver Centre, Silver Hill, Silver Lake, Silver Water. Thorah Island, Thorel House. Dorland, Norland, Orland. Claraday, Faraday. Maple Lake, Maple Lake Stn. Myrtle, Myrtle Stn. Cavan, Navan. Lakeview Beach, Oakview Beach. Tupperville, Turnerville. Varney, Varna. Overbrook, Owenbrook. Plainfield, Plainville. Port Stanley, Port Stanton. Presqu'Isle, Presqu'Ile Point. Rainy Lake, Rainy River. Rose Island, Rose Point. Severn Park, Severn Bridge. Victoria Corners, Victoria Harbour. Victoria Mines, Victoria Road, all in the Province of Ontario. Sydney, Nova Scotia, Sidney, Manitoba, Sidney, British Columbia. Eston, Saskatchewan, Estlin, Saskatchewan. Maryfield, Saskatchewan, Mayfield Station, Manitoba.

Frequently mail addressed to one of these points is received at the wrong office for delivery, resulting in serious delay or possible non-delivery. Postmasters are requested therefore to exercise particular care in the sortation of mail addressed to these points to overcome this difficulty.

(10) Parcel Post Weight Limit for Great Britain—15 pounds.—Postmasters are informed that the limit of weight for parcel post exchanged between Canada and Great Britain (including Northern Ireland) will be 15 pounds from the 1st January, 1926.

The rates of postage applicable to parcels posted in Canada for delivery in Great Britain will be:—

1 lb.	$ 0 24	6 lbs.	$ 1 14	11 lbs.	$2 04
2 lbs.	0 42	7 lbs.	1 32	12 lbs.	2 44
3 lbs.	0 60	8 lbs.	1 50	13 lbs.	2 56
4 lbs.	0 78	9 lbs.	1 68	14 lbs.	2 68
5 lbs.	0 96	10 lbs.	1 86	15 lbs.	2 80

(11) Parcel Post weight limit for Cuba increased to 11 lbs.—Postmasters are informed that the limit of weight for parcels forwarded via New York to Cuba has been increased to 11 pounds.

The rates of postage applicable to such parcels will be:

1 lb.	$ 0 20	4 lbs.	$ 0 74	8 lbs.	$ 1 46
2 lbs.	0 38	5 lbs.	0 92	9 lbs.	1 64
3 lbs.	0 56	6 lbs.	1 10	10 lbs.	1 82
		7 lbs.	1 28	11 lbs.	2 00

It should be noted that parcel post for Cuba intended for transmission via New York should be legibly marked "via New York" and sent to Montreal.

(12) Parcels addressed to Great Britain.—The British Post Office advises that in the interests of prompt delivery of their parcels persons posting parcels to Great Britain containing any articles of clothing, toys or fancy goods, or any other articles of kinds which contain or might contain silk, artificial silk, lace or embroidery, should indicate on the customs declaration forms:—

(1) The ordinary name of the article (e.g. "dress," "shoes," "handbag," etc.).
(2) A definite statement in the form "containing (or not containing) silk, artificial silk, lace or embroidery," as appropriate.
(3) The value.
(4) "worn" or "used," where applicable.
(5) If a parcel contains two or more articles, the declaration should show these particulars for each separately.

(13) Parcel Post with Mexico.—The Postal Administration of Mexico advises that parcels addressed to Mexico are being irregularly forwarded by many post offices in Canada direct, instead of being diverted to the proper exchange offices, and Postmasters are specially requested to note that direct mails from Canada for Mexico are made up at Toronto and Vancouver and should always be forwarded to one of these exchange offices. Close observance of this procedure is important.

INFORMATION FOR POSTMASTERS

(1) Improper return by United States of registered and insured articles which fail of delivery.—Postmasters are informed that a large number of registered and insured articles posted in Canada, addressed to the United States, which fail of delivery for various reasons, are being returned in the ordinary mail to Canada. The United States Postal Administration, with whom this was specially taken up, have cautioned the Postmasters in their service and have asked that full particulars be furnished in any instances where articles originally mailed in Canada under registration or insurance are received back as ordinary mail from the United States. Postmasters are requested to specially report any such cases to the Department.

(2) Toronto divided into Postal Districts.—For the purpose of expediting the sortation and delivery of letters and other mail addressed to Toronto, the letter carrier delivery area of Toronto has been divided into Postal Districts along somewhat the same lines as has obtained in London, England, and large Continental cities for many years.

There are ten Postal Districts—Nos. 2, 3, 4, 5, 6, 8, 9, 10, 12 and 13.

Toronto residents and business concerns will notify correspondents of the number of the Postal District in which they are located.

The Postmaster General asks that the public assist in making the new system a success by always placing the Postal District number immediately after the word "Toronto" in the address. Thus a letter for delivery in Postal District No. 2 would be addressed:—

Mr. John Smith,
196 College Street,
Toronto, 2, Ont.

If intended for delivery in District No. 3 the address would be "Toronto, 3". District No. 4 would be indicated by "Toronto, 4", and so on.

It is MOST IMPORTANT, however, that the full street address be given in every instance. Otherwise delayed delivery or perhaps non-delivery will result.

Postmasters are requested to bring this matter to the attention of patrons of their offices posting letters and other articles of mail to Toronto whenever possible. Also when persons make enquiry in respect thereto, the correct manner of indicating the Postal District on letters and other correspondence for Toronto should be carefully explained to them by the Postmaster or his assistants.

The co-operation of all Postmasters and persons employed in postal work is requested.

(3) **Lantern Slides available for Postal Talks.**—The co-operation of the mailing public is essential in giving the best postal service, and it has been found that the public, if shown the problems of the Post Office, will readily do what they can to co-operate. One of the most effective ways of bringing Post Office work before the public, is through the medium of lantern slides. Illustrated phases of postal activity together with explanatory notes in regard thereto have been furnished District Superintendents, and Postmasters desiring to use them should arrange with their District Superintendents to obtain the slides and notes for the period required.

Opportunities to show the slides may frequently be obtained at church meetings, schools, clubs, social gatherings, business men's meetings, or at theatres, during interval between films. In this connection it may be observed that the slides may be loaned to school teachers, ministers, or other people who desire to use them for instructive or entertainment purposes.

Postmasters are requested to give this matter their attention and to make an effort to further the use of the slides.

(4) **Rubber Stamps to be used with Fountain Pad only.**—The Equipment and Supply Branch advise that it has been observed that in many instances when rubber stamps are returned for replacement, the cause of wear of the old stamp is attributed to the use of cancelling ink instead of fountain pad ink.

Postmasters are requested to use only fountain pads in connection with rubber stamps.

These pads are furnished, on application, by the Equipment and Supply Branch, Ottawa, and by the Postal Stores Depots and Distributing Centres.

(5) **C.O.D. Remittances must be made promptly.**—Postmasters are again reminded of the importance of promptly remitting C.O.D. charges. Just as soon as collection has been made, a Money Order for the amount due the sender should be issued and despatched direct to the sender in envelope No. 30½. The Money Order and the envelope should be impressed with the C.O.D. stamp and given the same number as the C.O.D. article for which collection was made.

Prompt action and careful attention to these details will do much to further popularize the service.

(6) **Re Proper Cancellation of Postage Stamps.**—Re proper cancelling of postage stamps, Postmasters are warned that frequent checks will be kept with a view to ascertaining whether post offices are properly performing this important duty.

In order to obtain proper cancellation results, the following points should be observed:—

Keep all stamping pads well inked.
Shake the ink thoroughly before placing the ink on the pad.
Rub the ink well with the wooden "Muller".
Do not allow stamping pads to become too much worn to properly hold the ink.
Make requisition for new stamping pads before the old ones are too much worn.
Place mail on rubber pad before cancelling.
Use stamp canceller in every case.

(7) **Post Office C.O.D. Still Increasing.—**

December, 1923	55,008
" 1924	78,663
" 1925	110,980

Post Office C.O.D. eliminates Accounting.

(8) **Motor Service from Haifa to Baghdad.**—Postmasters are informed that a fortnightly Motor Service for all classes of mail, except parcels, from Haifa, Palestine, to Baghdad, Iraq, is now in operation. The requirements for this mail are:

1. "By Overland Mail, Haifa-Baghdad" to be prominently written on the left hand side of the address side of the envelope or wrapper.
2. The usual postage to be affixed on the address side of the envelope or wrapper.
3. Additional postage stamps to the value of six cents per ounce to be placed on the address side in payment of special charge for transmission by the Motor Service.

Postmasters will please give out the above as a news item to the local newspapers. Postmasters should forward such mail to the Montreal Post Office under special delivery wrapper, this merely in order that when it reaches that office, it may receive special handling.

(9) **Parcel Post Weight Limit for Newfoundland—15 Pounds.**—Postmasters are informed that the limit of weight for parcel post exchanged between Canada and Newfoundland will be 15 pounds from the 1st February, 1926.

The rates of postage applicable to parcels posted in Canada for delivery in Newfoundland will be:—

1 lb	$0.12	6 lbs	$0.72	11 lbs	$1.32
2 lbs	0.24	7 lbs	0.84	12 lbs	1.44
3 lbs	0.36	8 lbs	0.96	13 lbs	1.56
4 lbs	0.48	9 lbs	1.08	14 lbs	1.68
5 lbs	0.60	10 lbs	1.20	15 lbs	1.80

(10) **Insurance of Parcel Post for Newfoundland.**—Postmasters are informed that parcel post for Newfoundland may, on and after the 1st February, 1926, be accepted for insurance under the same terms and conditions as apply to parcels posted for delivery within Canada, with the exception that the 3 cent and 6 cent fees do not apply for Newfoundland, so that the scale of insurance fees will be as follows:—

12 cents for insurance not exceeding $50.00.
30 cents for insurance exceeding $50.00 but not exceeding $100.00.

(11) **Parcel Post for Australia and New Zealand Forwarded via San Francisco.**—Advice has been received from the United States Post Office Department that parcels intended for onward transmission to Australia and New Zealand are being received in the open mails from Canada.

It should be noted that parcel post for Australia and New Zealand, intended for transmission via San Francisco, should be legibly marked "Via San Francisco" and sent to Vancouver to be included in the parcel mails made up by that office for despatch to these countries via San Francisco.

(12) **Parcel Post for Portugal.**—Postmasters are informed that the rates of postage on parcel post parcels via France, and via France and Spain, to Portugal, have been altered and will, until further notice, be as follows:—

Via France—

1 lb	$0.42	4 lbs	$0.92	8 lbs	$1.36
2 lbs	0.53	5 lbs	1.03	9 lbs	1.47
3 lbs	0.81	6 lbs	1.14	10 lbs	1.58
		7 lbs	1.25	11 lbs	1.69

Via France and Spain—

1 lb	$0.41	4 lbs	$0.90	8 lbs	$1.34
2 lbs	0.52	5 lbs	1.01	9 lbs	1.45
3 lbs	0.79	6 lbs	1.12	10 lbs	1.56
		7 lbs	1.23	11 lbs	1.67

(13) **Hokshan Traders' Association, Hongkong.**—Lottery matter mailed by the above has been observed in the Canadian mails, and as lotteries are illegal in Canada, registered letters are not to be accepted for the above and all correspondence addressed to or coming from the above observed in the mails is to be returned to the senders when known, marked "Mail for this address prohibited," or if the senders are not known, sent specially by first mail to the General Superintendent of Postal Service (for Inspection Division) Ottawa.

Money Orders are not to be made payable to the above.

Any Postmaster who does not receive a copy of the Monthly Supplement each month is requested to notify the Equipment and Supply Branch, Post Office Department, Ottawa.

(4) Rate on parcels of merchandise within Canada weighing up to 14 ounces.—Effective immediately the maximum charge on any parcel of merchandise within Canada, weighing up to 14 ounces shall not exceed 1 cent an ounce.

Postmasters will please amend the foot-note to rate cards 1 to 8 appearing on pages 34 to 37 inclusive, in the 1926 Postal Guide.

(5) Don't be an accomplice.—It sometimes happens that after the arrest of a postal employee for theft from the mails, a fellow employee is heard to remark, "I knew he was a thief," or "I knew what was going on." This indicates a grave disregard of duty and any employee who does not promptly bring to the attention of the proper officials any case of suspected dishonesty on the part of another employee can only be regarded as an accomplice and treated accordingly.

This statement is made not as a warning (although a warning may be needed) but rather as an appeal for aid in ridding the Postal Service of the few dishonest persons in it, who by their acts bring suspicion on every postal employee. The public has been taught, and rightly so, to believe in the security of the mails and everyone with the welfare of the public and the interests of the Postal Service at heart, will realize that those who endanger this security should be severely dealt with.

Anyone who takes the attitude that it is not his duty to be a tale-bearer, should consider that a sneak thief within the ranks, does not deserve any consideration. All right-minded employees will agree that the sooner dishonesty is removed from the Postal Service the better, and to this end they will aid in every possible way.

(6) C.O.D. Remittances.—The Department has observed, with a great deal of concern, the increasing number of cases in which Postmasters fail to promptly remit for C.O.D. collections, and the irregularity has been aggravated in many cases by the failure of Postmasters to reply to correspondence sent them on the subject from the District Superintendent's Office.

The Department desires to give notice to all Postmasters of the seriousness of this irregularity. The retention or manipulation of C.O.D. funds is an indictable offence and warning is hereby given that, in future, in any case in which it is distinctly proven that these funds have been manipulated, or irregularly detained, the Department will at once consider the question of prosecuting the Postmaster at fault.

In future, any delay shown to have occurred in the remission of C.O.D. funds by a Postmaster for any reason, other than for cause beyond the Postmaster's control, will, if the circumstances do not warrant prosecution of the Postmaster, result in a fine being imposed.

The Postmaster who fails to promptly reply to correspondence from the District Superintendent's Office in regard to matters of this kind will be considered as endeavouring to cover up the mistreatment of C.O.D. funds and will be dealt with accordingly.

(7) Improper return by United States of registered and insured articles which fail of delivery.—Postmasters are informed that a large number of registered and insured articles posted in Canada, addressed to the United States, which fail of delivery for various reasons, are being returned in the ordinary mail to Canada. The United States Postal Administration, with whom this was specially taken up, have cautioned the Postmasters in their service and have asked that full particulars be furnished in any instances where articles originally mailed in Canada under registration or insurance are received back as ordinary mail from the United States. Postmasters are requested to specially report any such cases to the Department.

(8) Firms shipping circulars from one point to another for local mailing at the ½c. rate must have a bona fide local agent whose return address appears on the circulars.—It is reported that there is a misunderstanding among Postmasters in connection with the mailing of circulars at the ½c. rate, some Postmasters being under the impression that such circulars can be shipped from one place to a Postmaster or a representative at another place for mailing at the ½c. rate.

In this connection it is pointed out that firms shipping circulars from one point to another for local mailing at the ½c. rate must have a bone fide local agent whose return address appears on the circulars.

(9) Full particulars re non-delivery of newspapers and periodicals should be given on form 67B.—Attention has been invited to a large number of cases recently in which form 67B sent by Postmasters to publishers in connection with the non-delivery of newspapers or periodicals has not been properly filled in. In this connection Postmasters are requested to see that the reason of non-delivery is given and that all numbers and letters which appear on the address label or wrapper as well as the name and street address of the person the wrapper or periodical is intended for, are plainly written on the form and the form carefully date stamped before it is sent to publishers. (See section 61, page 15, 1926 Postal Guide.)

(10) Complete Address required on Insured and C.O.D. Parcels.—Postmasters are reminded that insured and C.O.D. parcels must be fully addressed before they are accepted for mailing. An increasing number of cases in which this requirement has not been met have been reported. As it is essential that this regulation be followed, Postmasters will caution employees accepting parcels that they must be fully addressed as to street and number or office building, and at the same time every effort should be made to bring to the attention of the public the importance of correctly addressing all articles of mail, pointing out the delay and possible loss which may result from their failure to co-operate in this way.

(11) Permit required for despatch of raw furs outside of Province.—Postmasters are reminded that packages containing raw furs must not be accepted for transmission to any point outside the Province unless accompanied by a permit issued by the Provincial Authorities of the Province in which they are mailed.

(12) Similarity in Post Office Names.—The Postmaster at Beaverdell, B.C., reports that considerable mail matter addressed to Beaver Dale, Sask., is being mis-sent to his office, and vice versa.

The Postmaster at Topland, Alta., reports that considerable mail matter addressed to Tolland, Alta., is being mis-sent to his office and vice versa.

Postmasters will please note this and give particular attention to the handling of mail addressed to these offices.

(13) Cancellation of Postage Stamps on Parcels.—With reference to previous notices in regard to the proper cancellation of postage stamps, Postmasters are informed that a great number of parcels have been noticed passing through the mails with the stamps thereon very imperfectly cancelled. It is reported that in some instances the stamps have not been cancelled or in cases where the roller hand-cancelling stamp has been used, the stamps have been missed or very lightly touched.

The above is noted particularly in connection with parcels, the contents of which are of a pliant nature such as packages containing wool, silks and other matter of a light nature, on which the obliterator will not properly cancel the stamps.

Stamps poorly cancelled may easily be removed and illegally used a second time, resulting in a serious loss of revenue. Postmasters are therefore requested to see that the postage stamps on parcels are properly cancelled before they are despatched.

It has been suggested that when it is found difficult to cancel the stamps with the die, the obliterator be reversed and the felt roller attached thereto be used.

(14) Cotton Duck Parcel Post Bags, without locks, to be returned to nearest Depository.—The Equipment and Supply Branch advise that there are a considerable number of Cotton Duck Parcel Post Bags, without locks, in the service, and Postmasters are requested, on receipt of any of these bags, to immediately return them to the nearest Depository, so that they may be equipped with locks.

(15) Perishable articles should be kept from heat.—In order that parcels containing perishable goods, such as chocolates, spruce gum, etc., may be kept from heating apparatus in post offices and railway mail cars, Postmasters are instructed to take every opportunity of advising the public to mark such parcels with the word "Perishable." Postmasters will be careful to see that the label "Perishable" is attached to all parcels bearing such indication.

(16) Poster issued by the Department of Immigration and Colonization may be posted up in Post Office Lobby.—Postmasters are informed that a poster issued by the Department of Immigration and Colonization in connection with Government Assisted Passages under the Empire Settlement Agreement may be posted up in Post Office lobbies.

(17) Public appreciate Illustrated Postal Talks.—In a communication expressing thanks for the use of postal lantern slides, Mr Fred. W. Skeates, Richmond, Que., writes in part as follows:—

> "Quite a large gathering of young folk, as well as a good representation of older people, were present at the lecture, and many new and interesting things were learned in regard to how mail is handled.
>
> "It is our opinion that these slides should be given wide publicity, and should go a long way towards stopping many of the errors which often occur through ignorance or inattention.
>
> "On behalf of the League, allow me to express once more our sincere thanks for the loan of the slides."

Postmasters at the places of mailing in Canada should not cancel United States postage stamps on articles intended for transmission by United States Air Mail Services, but should cancel the Canadian postage only. Such letters and other articles should be placed on the top of packages made up for the United States post offices and railway post offices.

INFORMATION FOR POSTMASTERS

(1) Parcel Post Rates from 12th April.—Postmasters are informed that the parcel post rates which were in effect prior to the 24th of October last are to be again brought into operation on the 12th of April.

Rate cards are given in the leaflet enclosed with this Supplement, and are also to be found in the October Supplement, 1925.

The rates given on pages 34, 35, 36 and 37 of the 1926 Canada Official Postal Guide are cancelled, and the rates in effect prior to the 24th of October are to be substituted for them, from the date above-mentioned.

(2) Aerial Mail Service to Red Lake Mining District.—Permission has been granted to the Jack V. Elliot Air Service operating a daily aerial service between Rolling Portage (Hudson C.N.R.) Ontario, and the Red Lake Mining District to convey such mail as is offered for conveyance by this service provided the senders assume all risk.

The requirements for this mail are:

1. "By aerial mail" to be prominently written on the address side.
2. The usual Canadian postage to be affixed on the address side.
3. A special aerial sticker sold by the Company or its agents representing a charge of 25 cents, which covers the aerial transmission of a one ounce letter, to be placed on the reverse side in payment of the special charge for transmission by aerial service, which has been fixed by those making the flight.

Postmasters will please give the above every publicity through the press and otherwise.

(3) Instructions to the Postal Service re Mail for the Red Lake Mining District, Ontario.—In view of the mining activities near Red Lake, District of Patricia, northwest of Sioux Lookout, Ontario, on the Canadian National Railway, the following information is given to safeguard the proper routing of mail for this point,—

The Post Office point at which mail for this district is at present to be despatched is Rolling Portage, Ontario. The Railway Station for Rolling Portage is Hudson, Ontario, on the Canadian National Railway.

Any mail which is plainly addressed Red Lake, Ontario, or Hudson, Ontario, is to be despatched to the Rolling Portage Post Office, Ontario. Care should be taken to see that this mail is not confused with mail for other Post Office points with similar names, such as Hudson, Que., or Red Lake, B.C.

Authority has been granted to the Jack V. Elliott Air Service to transport letters from the Rolling Portage Post Office (Hudson Railway Station) to Red Lake District. Such service is outside the administration of the Post Office. The fee for this Air Service will be 25 cents an ounce which will either be prepaid by means of a sticker issued by the Air Service, or collected by the Air Service on delivery to the addressee.

Any letters which are to be sent by Air Service are to be marked on the left-hand top corner "Via Air Service" and will require the usual postage in addition to the Air Service fee.

Any Letters addressed to the Red Lake Mining District which are not marked "Via Air Service" will be held for delivery at Rolling Portage.

(4) Don't be an accomplice.—It sometimes happens that after the arrest of a postal employee for theft from the mails, a fellow employee is heard to remark "I knew he was a thief" or "I knew what was going on." This indicates a grave disregard of duty and any employee who does not promptly bring to the attention of the proper officials any case of suspected dishonesty on the part of another employee can only be regarded as an accomplice and treated accordingly.

This statement is made not as a warning (although a warning may be needed) but rather as an appeal for aid in ridding the Postal Service of the few dishonest persons in it, who by their acts bring suspicion on every postal employee. The public has been taught, and rightly so, to believe in the security of the mails and everyone with the welfare of the public and the interests of the Postal Service at heart, will realize that those who endanger this security should be severely dealt with.

Anyone who takes the attitude that it is not his duty to be a tale-bearer, should consider that a sneak thief within the ranks, does not deserve any consideration. All right-minded employees will agree that the sooner dishonesty is removed from the Postal Service the better, and to this end they will aid in evey possible way.

(5) Sealed Parcels must bear label indicating nature of contents.—It has been reported that a considerable number of parcels have been observed in the mails sealed with sealing tape or other similar means, but minus the printed label, stating in a general way the nature of the contents.

Postmasters are reminded, therefore, that while sealed parcels of merchandise may be accepted at parcel post rates of postage for transmission in Canada and United States, they are required to have a printed label or an impression of a rubber stamp, stating in a general way the nature of the contents. A label along the following lines is suggested:

CONTENTS—Merchandise.

POSTMASTER: This parcel may be opened for postal inspection if necessary.

FROM
John Jones & Company,
530 Yonge St., TORONTO 5.

For.....
.....
.....

(6) Shortpaid insured parcels observed in the mails.—An increasing number of shortpaid insured parcels have been observed in the mails, and as the handling of such parcels involves extra work for the Postal Service and considerable inconvenience to the adressees, Postmasters are requested to exercise care to see that all insured parcels tendered for mailing are properly prepaid.

Attention is directed to the section on Page 2 of the pamphlet of Insurance Instructions which states that parcels to be accepted for Insurance must have the postage fully prepaid and that before accepting such parcels the Postmaster must check the postage paid.

(7) Transmission of Day-old Chicks by Parcel Post.—Postmasters are informed that the service for the transmission of day-old chicks by Parcel Post in Canada will be renewed this year.

Live day-old chicks may be accepted from the 1st April to June 15th, except in British Columbia, where the mailing period will be from March 15th to May 31st, at the risk of the sender, for transmission at Parcel Post Rates to places within Canada and the United States, provided the package in which they are contained is properly prepared and that delivery can be made to the addressee within 36 hours from the time of posting.

Day-old chicks must not be accepted for transmission if baggage car service, "catch-post" service, or service by water route is necessary—this does not include short water routes which are virtually ferry services. Shippers should consult the District Superintendent of Postal Service for information as to places to which the day-old chicks may be sent.

Parcels containing day-old chicks may not be insured.

Shipments of day-old chicks are to be transported outside of mail bags. It is recommended that the shipper affix a legibly written or printed notice to each such package, giving the following instructions, which postal employees are to carefully observe:—

"Day-old chicks.
This side up.
Handle with special care.
Do not give food or drink to the chicks while in transit.
Despatch as quickly as possible and deliver to addressee promptly upon arrival at office of destination.
Do not place package in mail bag or cover with other mail matter.
Do not place near hot pipes, stoves or radiators or expose to cold winds or hot sun.
As far as possible protect them from all extremes of heat or cold."

(8) Saint John, N.B.—The municipal authorities and business men of the City of Saint John, N.B., are desirous of having the full form of the name "Saint John" used instead of the abbreviated form "St. John" generally in use.

POSTMASTERS WILL PLEASE GIVE THIS EVERY POSSIBLE PUBLICITY.

(9) Similarity in Post Office Names.—The Postmaster at Arrowhead, B.C., reports that considerable mail matter addressed "Arrowhead, Alta.," is being received in his office. He is also receiving mail addressed to "Arrowwood, Alta."

As there is no Arrowhead Post Office in the Province of Alberta, will Postmasters please specially note this and give particular attention to the handling of mail addressed to Arrowhead, B.C., and Arrowwood, Alta.

(10) Mail for Pontiac County.—The District Superintendent at North Bay reports that a large amount of mail addressed "Fabre, Temiskaming Co." and "Guigues, Temiskaming Co.," and other offices in Pontiac County is being received at the Temiskaming Station, P.Q. Post Office. These letters were incorrectly addressed to Temiskaming County instead of Pontiac County.

Postmasters are requested to see that all mail for Post Offices in Pontiac County is sent direct to destination and not forwarded to Temiskaming Station.

(11) United States Contract Air Mail Service Elko, Nevada, to Pasco, Washington.—Postmasters are informed that letters and other articles may be accepted for transmission over the new United States Contract Air Mail Route from Elko, Nevada, via Boise, Idaho, to Pasco, Washington. (Distance 435 miles.)

The schedule on this contract route is as follows:—

DAILY EXCEPT MONDAY

Leave Elko at 1.20 p.m.,	arrive at Boise 3.35 p.m.
Leave Boise at 3.50 p.m.,	arrive Pasco 6.25 p.m.
Leave Pasco at 6 a.m.,	arrive at Boise 8.35 a.m.
Leave Boise at 8.50 a.m.,	arrive at Elko 11.05 a.m.

Such articles should be endorsed "Via Air Mail" in the upper right hand corner, immediately below the space reserved for postage stamps. They should be properly prepaid as regards Canadian postage, and the aerial postage should be prepaid by United States postage stamps or by special air mail stamps issued by the United States Service, at the rate of 8 cents per ounce or fraction thereof for each contract air mail service, with 5 cents additional for each zone (see July Supplement to 1925 Postal Guide), travelled over the United States Transcontinental Air Mail Route (New York to San Francisco).

Postmasters at the places of mailing in Canada should not cancel United States postage stamps on articles intended for transmission by United States Air Mail Services, but should cancel the Canadian postage only. Such letters and other articles should be placed on the top of packages made up for the United States post offices and railway post offices.

INFORMATION FOR POSTMASTERS

(1) **Insurance of Parcel Post for Hong Kong.**—Postmasters are informed that parcel post for Hong Kong may be accepted for insurance on and after the 1st May, 1926, under the same terms and conditions as apply to parcels posted for delivery within Canada, with the exception that the 3 cent and 6 cent fees do not apply for Hong Kong, so that the scale of insurance fees will be as follows:—

12 cents for insurance not exceeding $50.00

30 cents for insurance exceeding $50.00 but not exceeding $100.00.

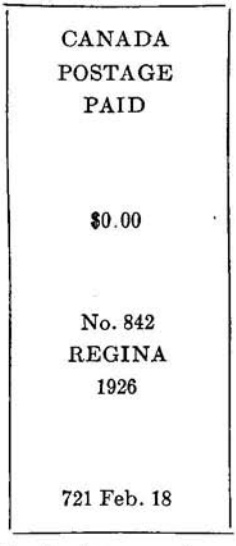
(2) **Local Daylight Saving.**—It is necessary in all cases that arrangements shall be made to despatch and receive mails in accordance with the Railway Time Tables; but in the matter of the time of the opening and closing of post offices the Postmaster may be guided by the action of the Municipal authorities, that is, in any place where the local authorities decide to adopt daylight saving time, the postmaster may do likewise.

(3) **Summer Mail Service to Yukon.**—Attention is invited to the fact that navigation in the Yukon will open about the 15th of May. Parcel Post service will then be resumed.

POSTMASTERS WILL PLEASE GIVE THIS EVERY POSSIBLE PUBLICITY THROUGH THE PRESS AND OTHERWISE.

(4) **Postage Paid in Cash on Parcels of Third Class Matter or Parcel Post.**—In order to facilitate the handling and despatch of parcels posted at the larger centres where extensive mailings are made, for delivery at places within the Dominion of Canada or in the United States, the Postage-Paid-in-Cash system has been extended to parcels of third class matter or parcel post.

Each parcel mailed under the Postage-Paid-in-Cash system will have affixed to it, at the upper right hand corner of the address, where stamps are usually placed, an impression showing the amount of postage paid at third class matter or parcel post rates, thus:



As the postage, including the registration fee, insurance fee or C.O.D. fee, as the case may be, on such a parcel will have been prepaid in cash, the parcel is to be forwarded and delivered free of charge, except that in the case of a C.O.D. parcel the C.O.D. collection (including money order fee) is to be made as usual, in accordance with the entries on the tag.

Postmasters will please substitute the above for section 120, page 25 in the 1926 Postal Guide.

(5) **Aerial Mail Service to Red Lake Mining District.**—Postmasters are informed that the Jack V. Elliot Air Service operating a special aerial mail service between Rolling Portage Post Office (Hudson C.N.R.), Ont., and the Red Lake Mining District, will, in future, be known as the "Elliot-Fairchild Air Service Limited."

(6) **Special Notice.**—There is a regulation affecting female employees, and especially Rural Postmistresses, which does not appear to be generally known in the Service. This regulation, which is contained in Order in Council P.C. 517, approved on the 12th March, 1921, reads as follows:

"Any female employee in the Public Service, shall, upon the occasion of her marriage, be required to resign her position."

This regulation does not affect any employees in offices on a revenue basis who are paid by the Postmaster. It only affects female employees in City Post Offices and the Postmistresses of Revenue Offices.

(7) Mutilated Cancelled Bank Bills passing between Banks and Branches of Banks Liable to Letter Rate of Postage.—The postage rate of 6c. for the first ounce and 5c. for each additional ounce or fraction of an ounce for money packets does not apply to mutilated and worn bank bills cancelled and passing between banks and branches of banks. Such packets may be accepted at the letter rate of postage plus registration fee, provided they are marked on the outside to show that the bills have been cancelled.

(8) Use of Official Registered Envelope No. 44.—Envelope No. 44 can be used for two purposes, i.e., forwarding money for postage stamp supplies and transmitting C.O.D. remittances.

Postmasters at non-accounting offices are requested to have care taken when forwarding C.O.D. remittances to see that the words "Postage stamps" at the bottom of the face of the envelope are crossed out. Similarly, when the envelope is used to remit money for postage stamps, the words "C.O.D. remittance" should be crossed out.

Attention has been called to the fact that Postmasters frequently neglect to carry out the above practice with the result that considerable extra work is involved in the handling of the contents of the envelopes when received at accounting offices. Postmasters will please see therefore, that in every case in which envelope No. 44 is used for forwarding C.O.D. remittances that the words "Postage Stamps" are crossed out and vice versa.

(9) Return of "request" Third Class Matter.—Representation has been made that many Postmasters do not return third class matter bearing a request for return, and Postmasters are accordingly reminded that requests, whether printed or written on any article of third class matter addressed to a place in Canada, for its return in case of non-delivery should be complied with, in accordance with the regulations in section 112, page 24 of the 1926 Postal Guide.

(10) Correct Amount of Money Order Fee to be Collected should be entered on C.O.D. Tags.—It has been noted that Postmasters frequently enter on C.O.D. tags a wrong amount for the Money Order fee to be collected and for their information, the following correct schedule of Money Order fees is given:—

For orders from	$0.01 to $5.00	5 cents
" "	5.01 to 10.00	9 "
" "	10.01 to 30.00	14 "
" "	30.01 to 50.00	17 "
" "	50.01 to 60.00	24 "
" "	60.01 to 100.00	29 "

(11) "Insured Parcel No...." Stamp to be Clearly Indicated on Insured Parcels.—It has been reported that in many cases the "Insured Parcel No...." stamp on insured parcels is indistinct or placed on the reverse side of the packages, and that the numbers are either poorly written or entirely omitted, with the result that difficulty is experienced in recognizing whether the parcels were insured.

Postmasters are requested to see therefore that the words "Insured Parcel No...." are stamped or written on an insured parcel (preferably on the face side of the package) and that the parcel is given the same number as the insurance receipt.

An insured parcel must also be carefully date-stamped so as to show clearly the office of mailing and date of mailing.

(12) C.O.D. Tags should be Legibly Filled in.—Some difficulty has been experienced in deciphering the particulars on C.O.D. tags and it has been suggested that the difficulty would be overcome if the senders of C.O.D. articles would use ink when making the entries on the tags and also enter the amount to be collected in words instead of figures.

Postmasters might suggest this to users of the C.O.D. service who would benefit by adopting the idea.

(13) Correction in Rural Mail Delivery Book of Regulations—58.—On what are called "drop" letters, that is, letters mailed in any post office or letter box on a rural route, for delivery into any other post office or letter box on the same route, the rate of postage is 3 cents for the first ounce and 2 cents for each additional ounce or fraction of an ounce.

Postmasters will please substitute the above for Section 58, page 27 in the Rural Mail Delivery book of regulations and see that similar corrections are made in books of regulations in possession of couriers on rural routes starting from their offices.

(14) Don't be an Accomplice.—It sometimes happens that after the arrest of a postal employee for theft from the mails, a fellow employee is heard to remark "I knew he was a thief" or "I knew what was going on." This indicates a grave disregard of duty and any employee who does not promptly bring to the attention of the proper officials any case of suspected dishonesty on the part of another employee can only be regarded as an accomplice and treated accordingly.

This statement is made not as a warning (although a warning may be needed) but rather as an appeal for aid in ridding the Postal Service of the few dishonest persons in it, who by their acts bring suspicion on every postal employee. The public has been taught, and rightly so, to believe in the security of the

mails and everyone with the welfare of the public and the interests of the Postal Service at heart, will realize that those who endanger this security should be severely dealt with.

Anyone who takes the attitude that it is not his duty to be a tale-bearer, should consider that a sneak thief within the ranks, does not deserve any consideration. All right-minded employees will agree that the sooner dishonesty is removed from the Postal Service the better, and to this end they will aid in every possible way.

(15) **Similarity in Post Office Names.**—The District Superintendent of Postal Service at Toronto reports that considerable mail matter addressed to Sand Point, Ontario, is being missent to Fenelon Falls, Ontario, for Sandy Point, Ontario, a summer office nearby.

Complaints have also been received that mail from the following post offices is very often mis-sorted and sent to the wrong place:—

Frazerville, Ont. Frazerburg, Ont.
St. Alphonse, Joliette, P.Q. St. Alphonse, Man.
St. Alphonse de Caplan, Bonaventure, P.Q. St. Alphonse de Granby, Shefford, P.Q.
St. Alphonse de Clare, N.S.

Postmasters will please note this and give particular attention to mail addressed to these offices.

(16) **Catch Post Service.**—The following Post Offices have been deleted from the list of offices having Catch Post Service:—

Hobbema, Alta.,
Routledge, Man.,
Percival, Sask.

INFORMATION FOR POSTMASTERS

(1) **Reduction in Letter Postage from 1st July, 1926.—Reduced from 3 cents to 2 cents.**—Postmasters will please note that on and after the 1st July, 1926, the rate of postage on letters for Canada, the United States, Mexico, and all other places in the North American Continent, will be 2 cents for each ounce or fraction thereof.

The 2 cent letter rate will apply from the 1st July on letters posted in Canada addressed to—

Canada—For local delivery and to all places within the Dominion
United States
Newfoundland
Mexico
British West Indies (Bermuda, St. Kitts, Antigua, Montserrat, Dominica, St. Lucia, Barbados, St. Vincent, Grenada, Trinidad, Bahamas, Jamaica, British Guiana, British Honduras)
Costa Rica
Cuba
Dominican Republic
Dutch West Indies (Aruba, Bonaire, Curaçao, Saba, St. Eustatius, St. Martin)
French West Indies (Martinique, Guadeloupe)
Guatemala
Haiti
Honduras Republic
Nicaragua
Panama Republic
Salvador
St. Pierre & Miquelon.

IT IS IMPORTANT THAT POSTMASTERS SHOULD SEE THAT THEY HAVE IN STOCK A SUFFICIENT SUPPLY OF THE 2 CENT POSTAGE STAMPS TO MEET THE INCREASED PUBLIC DEMAND BEGINNING ON THE 1st JULY.

(2) **Bulk Mailings of Third Class Matter.**—Postmasters are informed that all labels on packages of third class matter arranged as provided for in paragraph 2, section 88, page 20 of the Postal Guide (put up in tied packages to which an address label is attached and postage covering each individual item in the package affixed to the address label), should be removed from the package. These labels should be retained for two months for purpose of reference.

The labels on bundles containing articles for distribution on rural routes should be removed only after the bundles have been checked as to number and postage by the courier.

Undeliverable matter of this nature should be returned to the point of mailing, the number of pieces, the reason for returning same, and the name of the despatching office being clearly indicated on the bundle.

Precancelled stamps constituting the original postage on matter that is being returned to the point of mailing must be cancelled as ordinary postage stamps are cancelled before such matter is returned.

(3) **Saskatchewan Postmasters' Convention.**—District Superintendents are authorized to grant leave of absence to those Postmasters who make application for leave to attend the Annual Convention of the Saskatchewan Postmasters' Association, which will be held in the City of Saskatoon on June 9th, 10th and 11th next.

It is, of course, understood that the District Superintendent will satisfy himself that each office is left in charge of a competent assistant, and will advise Postmasters that they are responsible for the proper transaction of Post Office business during their absence.

Any Postmaster who desires to attend this Convention will, no doubt, benefit from associating with other Postmasters and may gain information which will enable him to improve the service to the public and broaden his viewpoint on Postal matters generally.

Mr. Atwater, Chief Inspector, has been delegated by the Postmaster General to address the Convention.

(4) **Rural Postmasters to be taken care of.**—It is realized that the adoption of the 2c. letter rate on 1st July next will result in a substantial decrease in the revenue of rural post offices. As rural postmasters are paid on a commission basis, there would be a corresponding decrease in their salaries, unless their rates of compensation are increased.

As postmasters' salaries are based on the revenue of the previous year, 2c. postage would not affect their salaries in any event until 1927. In the interval, the question of an upward revision of the rates of compensation of rural postmasters will receive sympathetic consideration by those who are charged with the duty of fixing the rates.

(5) **Treatment undeliverable Newspapers.**—Postmasters will please add the following paragraph to section 372, page 74, and delete section 373, page 74 of the 1926 Postal Guide:

United States paper posted in Canada.

In the case of a United States paper posted in Canada under the "mailing in Canada" privilege, the paper is to be treated as a Canadian newspaper (see section 62, page 16) and returned **under special wrapper** to the Postmaster of the Canadian office of mailing.

(6) **Lost Postal Notes.**—A package of Postal Notes being sent from Regina to Alingly, Sask., on the 23rd April last was lost in course of transmission. The Postal Notes consisted of the following:—

$1.00	Nos	K-16	821527	to	K-16	821536
1 50	"	L-6	915315	"	L-6	915324
2.00	"	M-10	858718	"	M-10	858727
3.00	"	P-7	225275	"	P-7	225284
4.00	"	R-4	875158	"	R-4	875165

Postmasters will please keep a watch for these notes and if any have been paid; or if any are presented for payment, the fact should at once be reported to the District Superintendent of Postal Service.

(7) **Robberies to be immediately reported.**—In the event of a robbery being committed at a Post Office, the Postmaster will immediately advise the District Superintendent by wire or telephone so that the necessary investigation may be undertaken with the least possible delay.

It is important that these instructions be followed to the letter, as any delay in commencing the investigation frequently results in the necessary evidence being destroyed that might result in the arrest and conviction of the culprit.

(8) **C.O.D. Articles not to be held unduly.**—The Inspection Division have directed attention to the practice of Postmasters at the office of destination holding C.O.D. parcels beyond fifteen days on written application being made by the sender, and point out that while a C.O.D. parcel may be held beyond fifteen days on request of the sender, it will be held only at his risk. The Department will not be liable for indemnity in connection with the loss of, damage to, or abstraction from a parcel held in this way unless a post office employee is directly responsible.

(9) **Cheap Watches or other articles of jewellery, Fountain Pens, Eversharp Pencils and similar Pencils may be accepted for Insurance.**—Postmasters are informed that cheap watches or other articles of jewellery, including Fountain Pens and Eversharp Pencils or similar pencils having a value not over $5.00 when put up in parcels of at least a minimum size of 6 in. by 6 in. having plain wrappers or stickers bearing only the number and name of street of the senders may be accepted for insurance.

It may also be pointed out that it is permissible to accept under the insurance system a number of articles of jewellery, Fountain Pens and Eversharp or similar pencils each having a value of $5.00 or less contained in one parcel, provided that the parcel meets with the above mentioned requirements as to size and wrapping and that the proper postage and insurance fee is paid.

10.—Care in handling of Mail Bags.—Information compiled by the Equipment and Supply Branch from data furnished by the different mail bag repair shops, shows that a considerable number of mail bags received for repairs have label cases, iron bars, cords, straps, grommet locks, etc., stripped therefrom.

It is requested that greater care be exercised in connection with bags, as it is considered a serious offence to damage or remove any mail bag fittings.

(11) **Sealing Wax Boxes to be promptly returned.**—The Equipment and Supply Branch request Postmasters to return promptly, empty wooden boxes which are used to despatch sealing wax sticks.

These boxes may be returned to the Department at Ottawa or to respective Postal Stores Depot.

(12) **Similarity in Post Office Names.**—There are in Canada five post offices with similar names,—St. Alphonse, Joliette, P.Q., St. Alphonse, MacDonald, Man., St. Alphonse de Caplan, Bonaventure, P.Q., St. Alphonse de Clare, Digby-Annapolis, N.S., and St. Alphonse de Granby, Shefford, P.Q.

Will everyone concerned please scan the addresses on mail matter carefully to see that such is properly routed, and when possible have the senders complete the address by adding the electoral district as given above.

The attention of Postmasters is also called to the similarity in the names of the following Post Offices:

Beynon, Alta.	Byemoor, Alta.
Bearberry, Alta.	Blueberry Creek, B.C.
Blaeberry, B.C.	Beaverley, B.C.
Springfield, Man.	Springfield, Mass.

Frequently mail addressed to one of these points is received at the wrong office for delivery, resulting in serious delay or possible non-delivery. Postmasters are requested, therefore, to exercise particular care in the sortation of mail addressed to these points to overcome this difficulty.

(13) **Mail Intended for Morse, Sask.**—Considerable mail addressed Morris, Sask., evidently intended for Morse, Sask., is going to Morris, Manitoba.

As there is no Morris Post Office in Saskatchewan, it is considered that mail matter so addressed should be forwarded to Morse, Sask.

Postmasters will please give particular attention to the handling of this mail.

(14) Changes in Rate on Letters from Greece to Canada.—Postmasters are advised that the rates of postage on letters and postcards from the country mentioned below, and the date on which they become effective, are as follows:—

	Rate			
	Letters		Postcards	Date
	1st weight	2nd weight		
Greece	3 drachmes	1 drachme 80 lepta	1 drachme 80 lepta	1 June, 1926

Surcharges should be collected according to Post Office markings.

The above is to be substituted for the corresponding entry opposite Greece, on page 12, of the April Supplement to the 1926 Postal Guide.

(15) Change in Name of Turkish Currency.—Postmasters are advised that from the 1st May, the name of the Turkish currency is changed from "piastre" to "grouch." There is no change in the value of the coins.

The above is to be substituted for the corresponding entry opposite Turkey on page 13, of the April Supplement to the 1926 Postal Guide.

(16) United States Customs Requirements.—The attention of Postmasters is again directed to the following Customs requirements of the United States authorities:—

The United States authorities require that a Customs Declaration be attached to all parcels of general merchandise (parcel post) prepaid at parcel post rates, posted in Canada addressed for delivery in the United States, except packages of merchandise weighing 8 ounces or less, paid at the rate of one cent for each ounce or fraction thereof, in which a Customs Declaration or invoice should be **enclosed.**

They further require that commercial invoices or statements of value be enclosed with books prepaid at printed matter rate, also in sealed parcels of general merchandise prepaid at letter rate, posted in Canada addressed for delivery in the United States.

(17) Parcel Post Weight Limit for France.—15 Pounds.—Postmasters are informed that the limit of weight for parcel post packages exchanged between Canada and France, both by the direct route and via England, will be 15 pounds from the 1st June, 1926.

The rates of postage applicable to parcels forwarded by the direct route to France will be:—

2 lbs	0.35	7 lbs	0.98	12 lbs	1.69

The rates of postage applicable to parcels forwarded to France via England will be:—

5 lbs	1.16	10 lbs	1.83	15 lbs	2.80

(18) Parcel Post Weight Limit for Poland—15 Pounds.—Postmasters are informed that the limit of weight for parcel post exchanged between Canada and Poland will be 15 pounds from the 1st June, 1926.

The rates of postage applicable to parcels posted in Canada for delivery in Poland will be:—

1 lb	$0.54	6 lbs	$1.33	11 lbs	$2.00
2 lbs	0.65	7 lbs	1.44	12 lbs	2.59
3 lbs	1.00	8 lbs	1.67	13 lbs	2.70
4 lbs	1.11	9 lbs	1.78	14 lbs	2.81
5 lbs	1.22	10 lbs	1.89	15 lbs	2.92

(19) Direct Exchange of Parcel Post with Norway.—Postmasters are informed that a direct exchange of uninsured parcels by post, effective 1st June, 1926, has been arranged between Canada and Norway. This will be in addition to the parcel post route via England. During the summer season, direct parcel post mails from Canada will be made up at Montreal and Halifax, whichever is the port of sailing; during the winter season, they will be made up at Halifax only.

The rates of postage on parcels posted in Canada for transmission by this direct route will be as follows:—

1 lb	$0.32	5 lbs	$0.91	9 lbs	$1.35
2 lbs	0.43	6 lbs	1.02	10 lbs	1.46
3 lbs	0.54	7 lbs	1.13	11 lbs	1.57
4 lbs	0.80	8 lbs	1.24		

The regulations as to packing, customs declarations, prohibited articles, etc., will be the same as for parcels for Norway sent via England. The limit of weight will be 11 pounds.

While charges for the conveyance of parcels by the direct service are lower than for the service via England, the frequency of the direct service is less, and the choice of the route should be left to the sender. Persons wishing to forward parcels by the direct route should bear this in mind.

(20) Parcel Post Revision to certain Countries.—Postmasters are informed that the rates of postage on parcels sent to the following countries by the routes indicated, have been revised and, until further notice, will be as follows:—

Country	Via	1 lb.	2 lbs.	3 lbs.	4 lbs.	5 lbs.	6 lbs.	7 lbs.	8 lbs.	9 lbs.	10 lbs.	11 lbs.

INFORMATION FOR POSTMASTERS

(1) **Reduction in Letter Postage from 1st July, 1926. Reduced from 3 cents to 2 cents.**—Postmasters will please note that the rate of postage on letters for Canada, the United States, Mexico, and all other places in the North American Continent, is 2 cents for each ounce or fraction thereof.

The 2 cent letter rate applies on letters posted in Canada addressed to—

Canada.
United States.
Newfoundland.
Mexico.
British West Indies (Bermuda, St. Kitts, Antigua, Montserrat, Dominica, St. Lucia, Barbados, St. Vincent, Grenada, Trinidad, Bahamas, Jamaica, British Guiana, British Honduras).
Costa Rica.
Cuba.
Dominican Republic.
Dutch West Indies (Aruba, Bonaire, Curacao, Saba, St. Eustatius, St. Martin).

Panama Republic.
Salvador.
St. Pierre & Miquelon.

It should be noted that the rate on letters posted in Canada for local delivery will continue to be 2 cents for the first ounce and 1 cent for each subsequent ounce or fraction thereof.

IT IS IMPORTANT THAT POSTMASTERS SHOULD SEE THAT THEY HAVE IN STOCK A SUFFICIENT SUPPLY OF THE 2 CENT POSTAGE STAMPS TO MEET THE INCREASED PUBLIC DEMAND.

(2) **Stamp Supplies after 1st July, 1926.**—In view of the changes indicated in the foregoing notice in respect to the rates of postage on letters, it will be understood that there will be less demand in future for 3c. postage stamps, and practically no demand for 3c. stamp books, combination stamp books, 3c. postage stamp rolls and 3c. stamped envelopes. The Department has decided, therefore, to discontinue the issuing of these stamp books and the 3c. stamp rolls and stamped envelopes.

Postmasters should retain a small supply of 3c. postage stamps, and return to the office from which they get their supplies (Post Office Department, Postage Stamp Depot or City Post Office, as the case may be) the balance of these stamps in full sheets, as well as all of the 3c. stamp books, combination stamp books, 3c. stamp rolls and 3c. stamped envelopes which they have on hand.

ACCOUNTING POSTMASTERS will note that the postage stamps mentioned above should not be sent to the Department or Depot with a request for exchange. They should be sent in and claimed in the usual course at item 22D in the cash account. A new requisition must be made for their equivalent value in 2c. stamps if such is required.

NON-ACCOUNTING POSTMASTERS in returning these stamps to the City Post Office from which their supplies are obtained, should enclose them with their first requisition for postage stamps, in order that they may be exchanged for other stamps when the requisition is being filled. The value of the stamps returned should be entered on the "Requisition Form" as a portion of the remittance made for the purchase of the new supply.

(3) **Reduction in Letter Postage from 1st July, 1926. Reduced from 4 cents to 3 cents.**—Postmasters will please note that the rate of postage on letters for Great Britain and all other places within the Empire, except in the North American Continent, is 3 cents for each ounce or fraction thereof.

The 3 cent letter rate applies on letters posted in Canada addressed to—

(4) **Rate of Postage on Money Packets from 1st July, 1926**—On and after the 1st July, 1926, the postage rate on money packets addressed to places within Canada, the United States and all other places in the North American Continent, Great Britain and all other places within the Empire, will be five cents for the first ounce and five cents for each additional ounce or fraction of an ounce. To all other places the rate will be 8 cents for the first ounce and 4 cents for each additional ounce or fraction of an ounce.

Postmasters will please amend page 4; sub-section (d) of section 1, pages 5 and 6; the second paragraph of section 291, page 62,; the second paragraph of section 347, page 71; the second paragraph of section 362, page 73; the second paragraph of section 367, page 74, and list commencing page 252 in the 1926 Postal Guide.

(6) **Post Office Robberies.**—There is a tendency during the summer season for Postmasters to exercise less vigilance in protecting their premises from dishonest persons at night, with the result that robberies and thefts are sometimes committed which might be avoided with a little extra care. Postmasters will, therefore, please carefully observe the following instructions:—

(1) Doors and windows of Post Office premises should be carefully locked and bolted at night.

(2) Post Office valuables must be given maximum protection at all times, but particularly after the office is closed for the day. If there is a safe on the premises these valuables should be placed therein. Attention is particularly directed to the fact that if the investigation following a robbery discloses that sufficient protection was not accorded Post Office property, either through carelessness or indifference, the Postmaster will be required to make good any loss involved.

(3) In all cases where a robbery has been committed, the Postmaster should immediately report same by wire or telephone to the District Superintendent.

(7) **Parcels containing goods not ordered by addressees.**—Protests have been received by the Department, both from various individuals and from the Retail Merchants' Association, against the practice of sending through the mail goods not ordered by the adressees. While the Department has no power to prevent the posting of such parcels, the senders should be advised that no indemnity will be paid for the loss of these parcels, whether in the mail or elsewhere, and if they persist in sending such parcels after protests are made no enquiry of any kind will be made in connection with the alleged loss or mistreatment, excepting only when theft by any particular Post Office employee is indicated.

(8) **Air Mail Service to Rouyn, P.Q., resumed.**—Permission has been granted to the Elliott-Fairchild Air Service, Limited, Haileybury, Ontario, operating an aerial service three times a week between Haileybury, Ontario, and Rouyn, P.Q., to convey such mail matter as is offered for conveyance by this service provided the senders assume all risk.

The requirements for this mail are:—

1. "By aerial mail" to be prominently written on the address side.
2. The usual Canadian postage to be affixed on the address side.
3. A special aerial sticker sold by the Company or its agents representing a charge of 25 cents an ounce to be placed on the reverse side in payment of the special charge for transmission by aerial service, which has been fixed by those making the flight.

POSTMASTERS WILL PLEASE GIVE THIS EVERY POSSIBLE PUBLICITY THROUGH THE PRESS AND OTHERWISE.

(9) **Postmarking of Registered Letters.**—Attention has again been called to the fact that Postmasters frequently neglect to back-stamp registered letters. Postmasters are referred, therefore, to Section 168, page 45 of the Postal Guide, which relates to the postmarking of registered letters and which reads:

> "The despatching office should place a distinct impression of its dating-stamp twice upon the flap of the envelope, so that the date-stamp will be partly on the edge of the flap and partly on the back of the envelope at the point where the sealed edges meet. Each intermediate office, also the office of destination must back stamp the letter partly on the flap and partly on the outer part of the envelope".

Failure to observe these instructions may result in the Postmasters at fault being called upon to make good the loss.

(10) **Articles composed of Dutch Silver or Cobalt Brass are not to be insured against damage.**—The inspection division has reported that a large number of indemnity claims are received for damage to articles such as candle sticks, bowls, fruit dishes, images, book-ends, etc., composed of what is known as Dutch Silver or Cobalt Brass. The excessive weight of this substance and its lack of strength renders articles made up of this composition extremely liable to damage.

Postmasters are informed, therefore, that articles described as above must not be accepted for insurance against damage. There is of course, no objection to their being insured against loss.

(11) **United States Contract Air Mail Service—Cheyenne, Wyo., to Pueblo, Colo.**—Postmasters are informed that letters and other articles may be accepted for transmission over the new United States Contract Air Mail Route from Cheyenne, Wyo., via Denver and Colorado Springs, to Pueblo, Colo., and return, a distance each way of 199 miles. The schedule on this contract route is as follows:—

over the United States Transcontinental Air Mail Route (New York to San Francisco).

Postmasters at the places of mailing in Canada should not cancel United States postage stamps on articles intended for transmission by United States Air Mail Services, but should cancel the Canadian postage only. Such letters and other articles should be placed on the top of packages made up for the United States post offices and railway post offices.

INFORMATION FOR POSTMASTERS

Postage to be paid before election.

(1) Ballot Boxes used in Dominion Elections under Dominion Elections Act, on the 14th September, 1926 —Ballot boxes sent prior to a Dominion election by Returning Officers addressed to Deputy Returning Officers are liable to postage at parcel post rates. With a view to added security, Postmasters may permit Returning Officers to send Ballot Boxes registered at parcel post rates, plus the registration fee.

Free after election.

Ballot Boxes used in Dominion Elections, may, on or subsequent to polling day, be sent through the mails from Deputy Returning Officers to Returning Officers registered, free of postage, in accordance with Section 66 (8) of the Dominion Elections Act.

Keys of Ballot Boxes in special envelopes addressed to Returning Officers and containing on their face a statement that such envelope has enclosed a key to the Ballot Box for a specified Polling Division may similarly be sent through the mails, registered, free of postage.

(2) Manitoba Postmaster's Convention —District Superintendents are authorized to grant leave of absence to those Postmasters who make application for leave to attend the Annual Convention of the Manitoba Postmasters' Association, which will be held in the City of Winnipeg on August 18th next.

It is, of course, understood that the District Superintendent will satisfy himself that each office is left in charge of a competent assistant, and will advise Postmasters that they are responsible for the proper transaction of Post Office business during their absence.

Any Postmaster who desires to attend this Convention will, no doubt, benefit from associating with other Postmasters and may gain information which will enable him to improve the service to the public and broaden his viewpoint on postal matters generally.

(3) Registered Letter Bill—5 entries —A five entry Registered Letter Bill for use in Post Offices has been printed in English (23⅜B), and French (23⅞B), and should be used when not more than five registered letters are being despatched.

A supply of the new form may be obtained by making requisition in the usual way.

(4) **C.O.D. Remittances** —The attention of the Department has been called to the fact that frequently Money Orders received in payment for C.O.D. parcels do not bear an impression of the C.O.D. stamp or the number of the C.O.D. article for which the collection was made. This causes considerable inconvenience to the senders of the parcel and has a tendency to lessen the popularity of the C.O.D. service.

Postmasters are requested, therefore, to have special care taken to see that both the Money Order issued in payment of C.O.D. parcels and the envelope (No. 30¼) in which it is despatched to the sender, are impressed with the C.O.D. stamp and given the same number as the C.O.D. article.

(5) **Canadian Postal Notes payable only in Canada and Newfoundland** —It having been reported to this Department that Postal Notes in considerable numbers are being remitted to the United States causing inconvenience to both the payees and remitters, Postmasters are reminded that Canadian Postal Notes are payable only in Canada and Newfoundland, and should not be remitted to other countries. When Postal Notes are issued, the purchasers should in all cases be warned against remitting them to the United States.

(6) **Air Mail Service to Woman Lake and Birch Lake Mining Districts, Ont** —Permission has been granted to the Patricia Air Ways and Exploration Limited, operating an air service between Sioux Lookout, Ont., and the Woman Lake and Birch Lake Mining Districts to convey such mail as is offered for conveyance by this service provided the senders assume all risk. The requirements for this mail are:

1. "By Aerial Mail" to be prominently written on the address side.

2. The usual Canadian postage to be affixed on the address side.

3. A special aerial sticker sold by the Company or its agents representing a charge of 50 cents to be placed on the reverse side in payment of the special charge for transmission by the aerial service which has been fixed by those making the flight.

Postmasters will please give the above every publicity through the press and otherwise.

(7) **Air Mail Service to Red Lake, Ont** —Postmasters are informed that the special air mail service to Red Lake, will, in future, be performed by the Patricia Air Ways, Limited, between Sioux Lookout, Ont., and Red Lake, Ont. Arrive Cleveland	12.10 p.m.	Arrive Detroit	5.15 p.m.

(12) Missending of Mail —A considerable amount of mail for Amesdale, Ont., which is served from Sioux Lookout, Ont., is being sent to Emsdale, Ontario. Similarly, mail for Shingle Point, Yukon (a non-Post Office point)is continually being missent to White Horse. Shingle Point is situated between Aklavik, N.W.T. and Herschel Island, and mail matter for that point should be routed via Edmonton.

Postmasters are requested to exercise particular care in the handling of mail addressed to these points to overcome this difficulty.

(13) Mail Matter addressed to French River Camp, Ontario —Mail matter addressed to French River Camp, Ontario, during present summer season is to be forwarded to the Post Office at Asinka, Ontario. Will all Postmasters and Railway Mail Clerks give special attention to these instructions.

(14) Similarity in Post Office Names —Mail matter for Dorion Station, Ontario, has been misdelivered to Vaudreuil Station, P.Q., and attention has been called to the similarity of the following names:—

Dorion Station, Ontario—Dorion, Quebec.
Vaudreuil Station, Quebec—Vaudreuil, Quebec.
Pickerel, Ont.—Pickerel Lake, Ont.—Rickerel River, Ont.
Ste. Agathe de Lotbiniere, P.Q.—St. Agatha, Ont.—Ste. Agathe, Manitoba—Ste. Agathe, Maine, U.S.A.—Ste. Agathe des Monts, P.Q.
Cordova, Alaska—Cordova, Manitoba.
Presqu'Ile, Ontario—Presqu'Ile Point, Ontario.

Frequently mail addressed to one of these points is received at the wrong office for delivery, resulting in serious delay or possible non-delivery.

Postmasters are requested, therefore, to exercise particular care in the sortation of mail addressed to these points to overcome this difficulty.

(15) Re Proper Cancellation of Postage Stamps —Re proper cancelling of postage stamps, Postmasters are warned that frequent checks will be kept with a view to ascertaining whether post offices are properly performing this important duty.

In order to obtain proper cancellation results, the following points should be observed:

Keep all stamping pads well inked.
Shake the ink thoroughly before placing the ink on the pad.
Rub the ink well with the wooden "Muller."
Do not allow stamping pads to become too much worn to properly hold the ink.
Make requisition for new stamping pads before the old ones are too much worn.
Place mail on rubber pad before cancelling.
Use stamp canceller in every case.

(16) United States Customs Requirements.—The attention of Postmasters is again directed to the following Customs requirements of the United States authorities:

The United States authorities require that a Customs Declaration be attached to all parcels of general merchandise (parcel post) prepaid at parcel post rates, posted in Canada addressed for delivery in the United States, except packages of merchandise weighing 8 ounces or less, paid at the rate of one cent for each ounce or fraction thereof, in which a Customs Declaration or invoice should be enclosed.

They futher require that commercial invoices or statements of value be enclosed with books prepaid at printed matter rate, also in sealed parcels of general merchandise prepaid at letter rate, posted in Canada addressed for delivery in the United States.

(17) Addressing Mail for Union of Soviet Socialist Republics.—Postmasters are informed that ordinary English lettering (not Russian characters) should be used in addressing mail to the Union of Soviet Socialist Republics, in order to facilitate the sortation of such mail before it is despatched from Canada.

Postmasters are requested to bring this to the attention of persons posting mail at their offices for the Union of Soviet Socialist Republics, and also give it publicity through the local press, and otherwise.

(18) Rates of Postage on Letters and Postcards from Other Countries to Canada.—Postmasters are advised that the rates on letters and postcards from the countries mentioned below are changed to the following:—

	Letter rate		Postcards	Date
	1st rate	2nd rate		
Belgium and Belgian Congo.....	1 fr. 25 ctms.	75 ctms.	75 ctms.	July 1st, 1926
British Honduras.....	2 cents per ounce or fraction		2 cents	
Siam.....	15 satangs	10 satangs	10 satangs	

Surcharges should be collected according to Post Office markings.

The above is to be substituted for the corresponding entries commencing on page 11 of the April Supplement to the 1926 Postal Guide.

(19) **Direct Exchange of Parcel Post with Poland.**—Postmasters are informed that a direct exchange of uninsured parcels by post has been arranged between Canada and Poland. This will be in addition to the parcel post route via England. Direct parcel post mails from Canada will be made up at Montreal and Halifax. The first direct despatch will be forwarded by the S.S. "Estonia" sailing from Halifax on the 31st July.

The rates of postage on parcels posted in Canada for transmission by this direct route will be as follows:—

1 lb	$0.24	6 lbs	$0.87	11 lbs	$1.42
2 lbs	0.35	7 lbs	0.98	12 lbs	1.69
3 lbs	0.46	8 lbs	1.09	13 lbs	1.80
4 lbs	0.65	9 lbs	1.20	14 lbs	1.91
5 lbs	0.76	10 lbs	1.31	15 lbs	2.02

The regulations as to packing, customs declarations prohibited articles, etc., will be the same as for parcels for Poland sent via England. The limit of weight will be 15 pounds.

While charges for the conveyance of parcels by the direct service are lower than for the service via England, the frequency of the direct service is less, and the choice of the route should be left to the sender. Persons wishing to forward parcels by the direct route should bear this in mind.

(20) **Racing Tips—William Stewart, 1223 Bentalou Street, Baltimore, Maryland.**—Circulars offering racing tips for sale mailed by the above have been observed in the mails, and as the supplying of racing tips is illegal in Canada, registered letters are not to be accepted for this address, and all correspondence addressed to or coming from the above, observed in the mails, is to be returned to the senders when known, marked "Mail for this address prohibited," or if the senders are not known, sent specially by first mail to the General Superintendent of Postal Service, for Inspection Division, Ottawa. Money orders are not to be made payable to this address.

(21) **Lottery—Thos. Mulvaney, 78 Harcourt Street, Dublin, Ireland.**—Lottery tickets in regard to a sweepstake mailed by the above have been observed in the Canadian mails, and as lotteries are illegal in Canada, registered letters are not to be accepted for this address and all correspondence addressed to or coming from the above observed in the mails is to be returned to the senders when known marked "Mail for this address prohibited," or, if the senders are not known, sent specially by first mail to the General Superintendent of Postal Service for Inspection Division, Ottawa. INFORMATION FOR POSTMASTERS

Postage to be paid before election.

(1) Ballot Boxes used in Dominion Elections under Dominion Elections Act on the 14th September, 1926.—Ballot boxes sent prior to a Dominion Election by Returning Officers addressed to Deputy Returning Officers are liable to postage at parcel post rates. With a view to added security, Postmasters may permit Returning Officers to send Ballot Boxes registered at parcel post rates, plus the registration fee.

Free after election.

Ballot Boxes used in Dominion Elections may, on or subsequent to polling day, be sent through the mails from Deputy Returning Officers to Returning Officers registered, free of postage, in accordance with Section 66 (8) of the Dominion Elections Act.

Keys of Ballot Boxes in special envelopes addressed to Returning Officers and containing on their face a statement that such envelope has enclosed a key to the Ballot Box for a specified Polling Division may similarly be sent through the mails, registered free of postage.

(2) Yukon Mails—Winter Service.—During the season of closed navigation on the Yukon River, which extends approximately from the 1st of October to the 31st May, parcel post to the Yukon will be suspended except for the Post Offices of Champagne, Carcross and White Horse.

Postmasters will be careful to see that on and after the 22nd September, matter prepaid at parcel post rates is not accepted at their offices addressed to places in the Yukon other than Champagne, Carcross and White Horse.

Matter prepaid at parcel post rates intended for other points in the Yukon may be ADDRESSED TO WHITE HORSE, and the addressees may make arrangements with the Transportation Company, operating between White Horse and Dawson to convey the parcels from White Horse to destination.

POSTMASTERS WILL PLEASE GIVE THIS EVERY PUBLICITY THROUGH THE PRESS AND OTHERWISE.

(3) **Distinctive Envelopes to be used for United States Air Mail.**—The United States Postal Authorities suggest that in order to facilitate the identification of mail to be carried by United States Air Mail Services a white envelope should be used having a blue, white and red stripe, each ¼-inch in width, printed horizontally across the address side.

Should the quantity of air mail not justify the special printing of an envelope described above, articles intended for conveyance by United States air mail services should be endorsed "via air mail" and should have two blue lines, ¼-inch apart, placed horizontally and vertically on both the front and back of the cover.

Care should be taken to see that the lines are uniformly placed and they do not cover the address or return card.

Postmasters will please advise persons wishing to send articles for transmission via United States air mail services of the above suggestions.

(4) **Postal Notes remaining unsold for very long periods to be returned.**—As it is undesirable to have Postal Notes remain unsold in Post Offices for very long periods (two years or longer), Postmasters are requested to examine their stocks and if they have on hand any old notes bearing numbers lower than the following, viz.—

A/3	450,000	J/2	1,000,000
B/5	750,000	K/14	600,000
C/3	1,000,000	L/6	100,000
D/3	1,000,000	M/9	300,000
E/7	500,000	N/3	750,000
F/3	600,000	P/5	1,000,000
G/2	200,000	R/4	100,000
I/3	800,000	S/7	700,000
H/3	090,000	T/4	400,000

they will please return them to the Department. The old notes should be date-stamped in the space for the paying office and should be claimed in the same manner as spoiled notes. A Postmaster at an Accounting Office should enter the old notes on the back of a docket and take credit for the total commission and face value at Item 22E. in the Cash Account,—and in the same Account should enter at Item No. 11, an amount equal to one cent per Note on the returned notes; and opposite the entry should write the words "Refund of P.N. Commission." The Docket and Notes should be enclosed with the Account in which the entries are made.

A Postmaster at a Non-Accounting Office should send the old notes to the City Office with a requisition for a supply of new Postal Notes.

(5) **2 cent Stamped Envelope with Space for Return Address now Available.**—Two cent stamped envelopes in No. 8 size have been prepared with the word "From" followed by dotted lines in the upper left-hand corner. It is considered that the use of these envelopes will encourage the placing of the return address in the space designated and Postmasters are requested to see that a supply of these envelopes is on hand and that everything possible is done to promote their sale.

It is understood that in the majority of offices the practice is to hand out plain envelopes unless the "From" envelope is asked for. This practice should be reversed and the special envelopes handed out unless plain envelopes are requested.

Requisitions for these envelopes should be marked with word "From".

(6) **Telegrams respecting irregular despatch and receipt of registered mail should be worded as briefly as possible.**—The Inspection Service advise that Postmasters and Railway Mail Clerks in reporting irregularities in connection with the despatch and receipt of registered mail do not word their telegrams briefly, with the result that the officials at fault are required to pay an amount larger than is actually called for. Postal employees are therefore requested to see that telegrams sent in cases of this kind are worded as briefly as possible.

(7) **Use of Small Cards or Envelopes to be Discouraged.**—From time to time efforts have been made to discourage the use of small cards and envelopes and it has been found that while these cards and envelopes are sold they will continue in use to a very large extent. Now is the time when dealers are ordering their supply of cards for Christmas and if any good results are to follow they must be approached at once.

It should be pointed out that as a result of the small size of cards or envelopes the Post Office cancellation mark frequently falls on the address, partially obliterating it, with the possibility that the article may be mis-delivered or at least delayed. Then again there is not sufficient space for directions for for-

warding, etc., in cases where it is necessary to forward such matter in order to reach the addressees. Emphasis should also be laid on the fact that there is a greater possibility of loss, as such cards or envelopes are apt to fall out of bundles in which they are tied. Envelopes and cards smaller than size 3" x 4" should not be used as they seriously delay the work in offices at a time when the facilities are taxed to the utmost. This should be taken up at once.

(8) Empty Mail Bags to be immediately forwarded to depositories.—The Equipment and Supply Branch advise that heavy demands are being made on depositories, for mail bags, and District Superintendents, Post Office Inspectors, Postmasters and other Postal employees concerned are, therefore, requested to see that every available mail bag, whether fit for stock or repair, is immediately forwarded to the nearest depository.

(9) Similarity in Post Office Names.—The attention of Postmasters is called to the similarity in the names of the following Post Offices:—

Oconto, Ont., Camp Oconto, Ont.
Kingston, Ont., Kingston Road, Ont. (Toronto City).
Meeting Creek, Alta., Meeting Creek, Sask.

Frequently mail addressed to one of these points is received at the wrong office for delivery, resulting in serious delay or possible non-delivery. Postmasters are requested, therefore, to exercise particular care in the sortation of mail addressed to these points to overcome this difficulty.

(10) Post Office C.O.D. still increasing.

July 1924	59,915
July 1925	76,299
July 1926	120,739

Post Office C.O.D. gives satisfaction.

(11) Rates of Postage on Letters and Postcards from Other Countries to Canada.—Postmasters are advised that the rates on letters and postcards from the countries mentioned below are changed to the following:—

	Letter Rate		Postcards	Date
	1st rate	2nd rate		1926

The above is to be substituted for the corresponding entries commencing on page 11 of the April Supplement to the 1926 Postal Guide.

(12) Parcel Post Weight Limit for China—15 pounds.—Postmasters are informed that the limit of weight for parcel post exchanged between Canada and China is now 15 pounds.

The rates of postage applicable to parcels for China are:—

1 lb	$0.27	6 lbs	$0.87	11 lbs	$1.47

4 lbs	0.63	9 lbs	1.23	14 lbs	1.83
5 lbs	0.75	10 lbs	1.35	15 lbs	1.95

(13) Belgium—Postage Rates for Direct Parcel Post.—Postmasters are informed that advice has been received from the Postal Administration at Belgium that their charge for the conveyance of parcels exchanged with Canada has been increased. As a consequence, the rates of postage on parcels despatched to Belgium by the direct parcel post route have been altered, and are now as follows:—

1 lb	$0.24	4 lbs	$0.61	8 lbs	$1.05
2 lbs	0.35	5 lbs	0.72	9 lbs	1.16
3 lbs	0.50	6 lbs	0.83	10 lbs	1.27
		7 lbs	0.94	11 lbs	1.38

Postmasters will please amend their Postal Guides accordingly and see that the new rates are enforced.

(14) Changes in 1926 Postal Guide.—Postmasters will find hereunder a further list of changes which have occurred since the Guide went to press and which should be inserted in their copy of the Guide.

(2) **Yukon Mails—Winter Service.**—During the season of closed navigation on the Yukon River, which extends approximately from the 1st October to the 31st May, parcel post to the Yukon will be suspended except for the Post Offices of Champagne, Carcross and White Horse.

Postmasters will be careful to see that on and after the 22nd September, matter prepaid at parcel post rates is not accepted at their offices addressed to places in the Yukon other than Champagne, Carcross and White Horse.

Matter prepaid at parcel post rates intended for other points in the Yukon may be ADDRESSED TO WHITE HORSE, and the addressees may make arrangements with the Transportation Company, operating between White Horse and Dawson to convey the parcels from White Horse to destination.

POSTMASTERS WILL PLEASE GIVE THIS EVERY PUBLICITY THROUGH THE PRESS AND OTHERWISE.

(3) **Registration Fee required on Registered Letters addressed to Government Departments.**—Postmasters are reminded that while correspondence on public business addressed to Public Departments as set forth in Sec. 158, Page 39, of the Postal Guide, may be forwarded free of ordinary postage, the usual registration fee must be prepaid if the letters are to go forward under registration.

There is to be no change in practice as regards mail matter sent to the Post Office Department by its Outside Service. Such matter sent under registration must be restricted to a minimum.

(4) **No change in rates of postage on postcards.**—Since the reduction in the letter rates of postage, effective from the 1st July, 1926, numerous inquiries have been received respecting the rates of postage on postcards. Postmasters are informed, therefore, that there has been no change in the rates of postage applying to postcards, the rates remaining as heretofore, viz.:—

Canada, Great Britain and other places in the British Empire and places in the North American Continent—2c. each (if they bear written communications).

Other countries—4c. each (if they bear written communications).

(5) **Postmasters' remuneration on spoiled Postal Notes must be refunded.**—Postmasters at Accounting Offices (other than City Offices) are reminded that when credit for spoiled Postal Notes is claimed at Item 22E in a Cash Account, an amount equal to one cent per Note, of such spoiled Notes, must be charged at Item No. 11 in the same Account; and opposite the entry the words "refund of Postal Note Commission" must be written. This regulation must be complied with whether there is only one, or several, spoiled Notes claimed.

Barwick, Ont., Berwick, Ont.

Frequently mail addressed to one of these points is received at the wrong office for delivery, resulting in serious delay or possible non-delivery. Postmasters are requested, therefore, to exercise particular care in the sortation of mail addressed to these points to overcome this difficulty.

(10) **On mail for conveyance by United States Air Mail Services aerial postage to be prepaid by United States Postage Stamps.**—Information has recently been received from the United States Postal Administration to the effect that articles posted in Canada and marked for conveyance by United States Air Mail Services have been received in that country, prepaid by means of Canadian postage stamps only.

On and after the 23rd November, matter for that part of the far Labrador Coast, on which Newfoundland maintains Post Offices, should likewise be sent by this route.

(2) **Letter Carrier Delivery at Chicoutimi, Que.**—Postmasters are requested to note that as Letter Carrier Delivery is now in operation at Chicoutimi, P.Q., this post office should be added to the list, given under Section 13, page 8 of the 1926 Postal Guide, of places where letters prepaid with the necessary fee may be delivered by special messenger.

(3) **Sealed packages containing income tax files transmissible at printed matter rate.**—Postmasters are informed that sealed packages not exceeding 15 lbs. in weight containing income tax files, may be transmitted at the printed matter rate of 1c. for each 2 oz. or fraction of 2 oz., provided these packages are posted by an official or authorized agent of the Federal Income Tax Branch and bear on the outside a description of the contents.

(4) **Parcel Containers should not be used on more than one occasion.**—Attention has been called to the fact that some business firms are using their parcel containers on more than one occasion, different addresses and amounts of postage being affixed in each case. Such parcels are very often mistreated as a result of this practice, thereby causing much inconvenience to the senders and addressees and also to the Postal Service. In addition to the above, there is the possibility of loss of revenue owing to the fact that it is difficult at times to determine whether fresh postage has been paid. Postmasters will please therefore advise persons or firms concerned that containers used on one occasion may not be used a second time, unless the original address, postage and postmarks are covered or completely removed.

(5) **C.O.D. Sheets, Forms 11B and 11¼ B.**—In order to simplify the C.O.D. mailings of firms making an extensive use of the C.O.D. Service, C.O.D. sheets, forms 11B and 11¼ B, similar to insurance sheets 13B and 13¼ B, are now available on which firms may enter C.O.D. parcels.

These forms render unnecessary the filling in of sections 1 and 2 of the C.O.D. tag, and until new tags without these two sections are printed, sections 1 and 2 may be detached.

The forms will be issued in pads of fifty, interleaved with blank paper for duplicating purposes, form 11B permitting the entry of twenty-five C.O.D. parcels on each sheet and form 11¼ B fifteen entries on each sheet. When C.O.D. parcels are presented for mailing by firms, it will be necessary for the Postmaster, after checking the entries with the parcels, to date-stamp and initial the C.O.D. sheets and the carbon copies. He will then detach the carbon copies and file them as his record. The original copies will be retained by the firms as their receipt.

The Postmaster may make requisition in the usual way for a supply of the new forms 11B and 11 B, as required by firms mailing at his office.

(6) **Postage stamp and other supplies for Christmas Season.**—Postmasters are requested to see that their requisitions for supplies of postage stamps and postal notes are sent in as early in December as possible to ensure adequate quantities of stamps and postal notes being available at their offices to meet the requirements of the busy Christmas season.

Early requisition should also be made for supplies of printed forms, envelopes, etc., necessary to carry on the work of the office during the month of December.

As there are over twelve thousand post offices in operation in Canada, Postmasters can—by giving attention to the above—help to relieve the heavy Christmas mails of a considerable quantity of matter.

(7) **Cheap watches or other articles of jewellery having a value of not over $5.00, in order to be insured, must be put up in parcels having a combined length and girth of at least 16 inches.**—With reference to the notice in the June Supplement stating that cheap watches or other articles of jewellery, including fountain pens and Eversharp or similar pencils having a value not over $5.00, when put up in parcels of a minimum size of 6 in. by 6 in. having plain wrappers or stickers bearing only the number and name of street of the senders, could be accepted for insurance, Postmasters are informed that it has been decided that such parcels must have a minimum size of 36 cubic inches or a combined length and girth of at least 16 inches. For example, such parcels must be at least 6 in. by 4 in. by 1 in., or 7 in. by 3 in. by 2 in., or 8 in. by 2 in., by 2 in. etc., etc.

(8) **Insurance Forms 13B and 13¼ B.**—With reference to the instructions in the Insurance Pamphlet to the effect that firms mailing insured parcels in quantity might be supplied with an "Insured parcel number . . " stamp, and a supply of insurance receipt pads, form 13B, which form is adapted for bulk mailing, Postmasters are advised that this form is now printed in two sizes, forms 13B and 13¼ B, form 13B permitting the entry of twenty-five parcels on each sheet and form 13¼ B, fifteen entries on each sheet.

The forms may be obtained upon requisition in the usual way.

(9) **Return of "Request" Third Class Matter.**—During the present season business firms are carrying on extensive third class mailings, and if effective service is to be given, it is essential that requests, whether printed or written on any article of third class matter addressed to places in Canada for its return in case of non-delivery, be complied with. The return of third class matter when requested is of considerable value to the senders as it enables them to keep their mailing lists up to date. Postmasters are reminded, therefore, that the instructions in sections 113, 114 and 115, page 24 of the Postal Guide, are to be closely followed out.

(10) **Similarity in Post Office Names.**—The attention of Postmasters is called to the similarity in the names of the following Post Offices:—

Edgewood, B.C.,	Englewood, B.C.,
Needles, B.C.,	Nodales, B.C.,
Sawyerville, P.Q.	Shawville, P.Q.
Phoenix, Alta.	Phoenix, Arizona.

Frequently mail addressed to one of these points is received at the wrong office for delivery, resulting in serious delay or possible non-delivery. Postmasters are requested, therefore, to exercise particular care in the sortation of mail addressed to these points.

(11) **Charges to be collected from the senders on Parcel Post returned from Great Britain and other countries.**—Postmasters are informed that in future when undeliverable parcels are returned from Great Britain and other countries to the senders in Canada a charge equal to the postage paid on parcels when posted in Canada, plus any accrued charges, is to be collected from the senders.

A charge equal to the original postage should be collected on Canadian parcels returned from the United States to Canada as undeliverable.

(12) Advertising matter, etc. for Newfoundland to be prepaid by Customs duty stamps.—Attention is directed to the fact that advertising matter, price lists and catalogues, are subject to duty which may be prepaid by Customs Duty Stamps at the rate of 15 cents per pound, fractions of a pound being charged at the rate of 1 cent per ounce or fraction thereof up to 14 ounces, over 14 ounces 15 cents.

Newfoundland Customs Duty Stamps may be obtained on application to the Deputy Minister of Customs, St. John's, Newfoundland, or the Superintendent of the Newfoundland Post Office, North Sydney, Cape Breton.

(13) Rates of postage on letters and postcards from other countries to Canada.—Postmasters are advised that the rates of postage on letters and postcards from the countries mentioned below are changed to the following:—

	Letter Rate		Postcards	Date
	1st rate	2nd rate

Uruguay	8 centissimos,	5 centissimos	5 centissimos	1 Jan., 1927.

Surcharges should be collected according to Post Office markings.

The above is to be substituted for the corresponding entries commencing on page 11 of the April Supplement to the 1926 Postal Guide.

INFORMATION FOR POSTMASTERS

(1) **Use of Small Cards and Envelopes to be discouraged.**—In calling attention to the various ways in which the public can co-operate during the Christmas and New Year seasons, postmasters should bring to their attention the objection to the use of small cards and envelopes, which at any time are difficult to handle, and are particularly annoying during the busy season.

In urging the public to use cards and envelopes larger than 3 inches by 4 inches, the following objections to the smaller size should be pointed out:

1. Small envelopes and cards cannot be satisfactorily passed through the electric cancelling machines. This, at many offices, means a slower cancellation and general handling.
2. The cancellation mark in many cases obliterates part of the address, with the probability that the articles may be mis-delivered or at least delayed.
3. The small size renders the sortation and the making up of bundles more difficult and hampers the work of the office at a time when speed is essential.
4. Owing to small size there is a greater possibility of loss, as small cards or envelopes may fall out of the bundle to which they are tied.

Postmasters are requested to do everything in their power to bring the above to the attention of the public.

(2) **C.O.D. Remittances.**—Attention has been called to the fact that Postmasters in issuing money orders in payment for C.O.D. articles, neglect to enter the number of the C.O.D. article for which collection was made, in the space provided therefor on the money order, and also that in the space provided for the name of the remitter the word "Postmaster" is written in instead of the name of the addressee. This practice causes considerable inconvenience to the senders of the parcel and has a tendency to lessen the popularity of the C.O.D. service.

Postmasters are requested, therefore, to have special care taken to see that the money order issued in payment of a C.O.D. article is endorsed in the proper spaces with the C.O.D. number of the article and with the name of the addressee, and also that the envelope (No. 30½) in which it is despatched to the sender, is impressed with the C.O.D. stamp and given the same number as the C.O.D. article.

(3) **Fragile Articles in Insured Parcels.**—In view of the approaching Christmas season with its great increase in the number of parcels posted and claims made for damage to contents, Postmasters are requested to give the packing and protection of "Fragile" articles their most careful attention.

When a parcel is being posted, enquiry should be made regarding nature of contents and the method of packing. If the contents are of a nature easily damaged and the packing is considered inadequate the sender is to be informed that the parcel will be insured against loss only, and it is to be so endorsed.

"Fragile" stickers and bags are to be made use of when necessary.

The attention of the Inspection Service has been directed to parcels containing silver candle sticks which, being of slight construction and inadequately packed, were damaged. Postmasters are informed that articles of a similar nature or construction or any article easily damaged should be wrapped in cotton or some shock absorbing material, then placed in a strong container sufficiently large to permit the necessary amount of protecting material.

Shoe and similar boxes, which are frequently used are not sufficiently strong to afford the required protection.

It is to be specially noted that while the onus of preparing a parcel rests with the sender, it is the duty of a Postmaster to ascertain if a parcel is put up in accordance with the regulations. If this very important duty be neglected and the Department is consequently called upon to pay indemnity, the Postmaster will be required to pay a portion if not the full amount of the claim.

If Postmasters and postal employees will keep this matter in mind, the result will be beneficial to both the public and the Post Office. The former will receive their parcels in good condition and the Post Office will have fewer claims to pay.

(4) **Early Mailing of Christmas Parcels.**—With a view to having the public mail their Christmas parcels early it is suggested that Postmasters have lantern slides prepared reading:—

"Mail your Christmas Gifts early and save disappointment to sender and receiver."

and that these be given to the local picture theatres to display at each performance. It is believed that theatres will be willing to co-operate in this way and good results should follow if prompt action is taken.

(5) **Safeguarding of Mails and Post Office Funds.**—Now that the winter season is at hand with the usual stormy weather and frequent changes of temperature which so greatly increase the risk of fire, the attention of Postmasters is specially directed to the necessity of increased precautions being taken in the safeguarding of mails, Post Office funds and values.

In cases where there is not sufficient accommodation in the Post Office to properly protect valuables, especially stamps, Postal Notes, registered articles, cash, etc., such items must be removed to the Postmaster's private quarters for safekeeping. At other points Postmasters must see that adequate precautionary measures have been taken before leaving the office.

The attention of Postmasters is again drawn to the fact that surplus cash must be promptly remitted to the Bank. Postmasters will be held strictly responsible where any loss can, in any way, be considered as due to neglect in remitting surplus cash.

(6) **Don't be an accomplice**—It sometimes happens that after the arrest of a postal employee for theft from the mails, a fellow employee is heard to remark, "I knew he was a thief," or "I knew what was going on." This indicates a grave disregard of duty and any employee who does not promptly bring to the attention of the proper officials any case of suspected dishonesty on the part of another employee can only be regarded as an accomplice and treated accordingly.

This statement is made not as a warning (although a warning may be needed) but rather as an appeal for aid in ridding the Postal Service of the few dishonest persons in it, who by their acts bring suspicion on every postal employee. The public has been taught, and rightly so, to believe in the security of the mails and everyone with the welfare of the public and the interests of the Postal Service at heart, will realize that those who endanger this security should be severely dealt with.

Anyone who takes the attitude that it is not his duty to be a tale-bearer, should consider that a sneak thief within the ranks, does not deserve any consideration. All right-minded employees will agree that the sooner dishonesty is removed from the Postal Service the better, and to this end they will aid in every possible way.

(7) **Perishable articles to be kept from heat.**—The attention of the service is called to the fact that as post offices and railway mail cars will now be heated, care should be taken to see that perishable articles or bags bearing fragile labels are not placed near the heating apparatus.

(8) **All Blue Fragile Bags.**—The Equipment and Supply Branch advise that a new colour design of a fragile bag will be issued to the service and will be known as "All Blue fragile bag, 31 x 42 inches", Class C-4."

These bags when placed in use are for fragile matter.

As there are at present in service a quantity of "All Red" fragile bags and brown striped fragile bags, it is requested that these two classes be not discarded but continued in use until they become unfit for further service.

(9) **Mail Bags to be immediately returned to Depositories.**—The Equipment and Supply Branch advise that heavy demands are being made on the depositories for all classes of mail bags, and all officers concerned are accordingly requested to have every available mail bag, whether fit for stock or repair, immediately forwarded to the nearest depository.

These depositories are located as follows:—Toronto, Ont.; Montreal, Que.; Winnipeg, Man.; Vancouver, B.C.; Ottawa, Ont.; Saint John, N.B.; London, Ont.; Calgary, Alta.

(10) **Direct Registered Packages for Newfoundland.**—Whenever a post office or railway post office has four or more registered articles for Newfoundland, it should, in order to save unnecessary handling en route, make up a registered package on North Sydney for "Newfoundland Sorting Office, North Sydney, N.S.", using the regular registered envelope (No. 36 or 38) for this purpose.

(11) **Registered Package Envelopes.**—Registered package envelopes are provided by the Department for the purpose of enclosing registered mail when four or more registered letters are received addressed to any one post office in Canada or the United States, the object being to eliminate as far as possible the handling of individual registered letters in transit.

When four or more registered letters are to be despatched to a given office a registered letter bill is to be made out, the registered letters entered thereon, and the registered letter bill together with the registered mail enclosed in a registered package envelope which is to be addressed with the name of the office for which the registered mail is intended, properly sealed and date stamped.

The registered package envelope is then to be entered on the registered letter bill made up on the railway post office or other post office to which mails are usually despatched.

Registered package envelopes in three sizes No. 36 (small), No. 37 (medium) and No. 38 (large) may be obtained upon requisition in the usual way.

(12) **Shortpaid Letters and single Postcards sent in International Mails.**—Before forwarding shortpaid letters and single postcards addressed to other countries, the Postmaster should rate these up with double the amount of the deficient postage expressed in Canadian currency.

The Canadian despatching exchange office will then mark on them the amount to be collected in centimes in the country of destination.

(13) **Rates of Postage on Letters and Postcards from other Countries to Canada.**—Postmasters are advised that the rates of postage on letters and postcards from the countries mentioned below are changed to the following:

	Letter Rate		Postcards	Date
	1st rate	2nd rate		
Belgium	1 fr. 50 ctms.	90 centimes	90 centimes	Nov. 1, 1926
Luxemburg	1 fr. 50 ctms.	90 centimes.	90 centimes.	Nov. 1, 1926
Syria and Grand Lebanon	7.50 piastres.	4.50 piastres.	4.50 piastres.	Jan. 1, 1927

Surcharges should be collected according to Post Office markings.

The above is to be substituted for the corresponding entries commencing on page 11 of the April Supplement to the 1926 Postal Guide.

(14) **Insured Parcel Post with Other Countries.**—Postmasters are reminded that the Insurance System is now in effect with China, Great Britain (including Northern Ireland), Germany, Grenada, Holland, Hong Kong, Irish Free State, Newfoundland, New Zealand, St. Vincent and the United States, and the public, on every opportunity, should be invited to take advantage of the protection afforded.

Great care should be taken, when a parcel is being posted, to see that it contains nothing prohibited under the Insurance or International Regulations, as published on page 31, also pages 84 to 229 of the Postal Guide. The packing of the parcel should be the subject of special attention in view of the distance it must be carried before destination is reached.

The Customs Declaration should be carefully scrutinized to make certain the required information has been entered in order to avoid delay.

A little extra care and attention on the part of the Postmasters will prevent undue delays in the despatch of overseas parcels.

(15) Denmark—Postage Rates for Direct Parcel Post.—Postmasters are informed that the rates of postage on parcels despatched to Denmark by the direct parcel post route will be increased from the 1st January, 1927, and will be as follows:
